- **Turn compromise into choice:** With the highest quality, best price, and widest selection you can get exactly the solution you need without compromising.
- **Get more value, closer to home:** Put the power of the largest public purchasing cooperative in the country to work for you. With over 50 portfolios consisting of nearly 300 contracts, we make it possible for you to work with national suppliers and your local vendors to get the best value—in quality, price, and selection nationwide.
- **Harness the power of collaboration:** Collaboration is key to creating the best value for public procurement. We leverage the power of all 50 states to give you the contracts your organization needs with zero compromise. Working with state and local government agencies, education institutions, and public school districts throughout the country, we ensure you get the best deals and superior terms and conditions.
- **Work with the best:** Our solicitations are established with your needs and requirements in mind. They meet or exceed your organization's competition and transparency requirements. We work with teams of veteran public procurement professionals, subject matter experts, and actual users to competitively solicit, evaluate, and award contracts in accordance with state procurement statutes.
