1. This task order has cost plus fixed fee and cost reimbursement (non-fee bearing) items.

Cost Plus Fixed Fee CLINs are 4000-4210, and 7000.

Cost Reimbursement Only and NON-fee Bearing CLINs are 6000-6210, and 9000.

CLINs 4001, 4101, 4201, and 7001 are No Cost Data CLINs.

2. Funding for each CLIN will be added at the SubCLIN (SLIN) level.

3. The contractor will be required to have a Top Secret facilities clearance and Top Secret clearances for the personnel identified in Section C upon award of the task order. **The contractor will not be permitted to access any classified information until a final DD254 is incorporated as an attachment to the task order award.**

4. For purposes of this task order, the term "Task Order Manager (TOM)" is considered synonymous with the term "Contracting Officer's Representative (COR)".

5. Per the post award, conference it has been recommended by Smartronix that it would be more cost effective to the Government to have a permanent presence in the following locations:

- Tampa, Florida
- Fort Bragg, North Carolina
- Fort Belvoir, Virginia

With the volume of work to be performed at these locations, the Contracting Officer's Representative (COR) concurs with the deviation recommended by Smartronix of establishing a permanent presence in the stated locations versus the option of travel to these locations. The permanent presence of the locations will come at no additional cost to the government.

6. Code 4.5.11 and 4.5.11.1 referenced within this award document is deleted in its entirety and replaced with Code 4.11.4, inclusive of all attachments and exhibits.

7. Due to exhausting all available Accounting Classification Reference Numbers (ACRN) under task order N00178-05-D-4563-M803, a mirror task order, N00178-05-D-4563-M804, was created.

All terms and conditions of task order N00178-05-D-4563-M803 and N00178-05-D-4563-M804 apply to both orders, unless otherwise specified in the subject task order.

SECTION C DESCRIPTIONS AND SPECIFICATIONS

Effective 1 February 2017, services are only to be provided in Germany. The Period of Performance (POP) will reflect 16 June 2016 – 15 June 2017 for CLINs 7200, 7202, 9200, & 9201.

CLIN's 4000, 4001, 6000 and Option CLIN's 4010, 4100, 4101, 4110, 4200, 4201, 4210, 6010, 6100, 6110, 6200, 6210, 7000, 7001, 7002, 7003, 7004, 7100, 7101, 7200, 7201, 7202, 9000, 9001, 9002, 9100, 9200, and 9201 - The supplies and services shall be provided or performed in accordance with the Performance Based Statement of Work (PBSOW) as outlined below:

PERFORMANCE BASED STATEMENT OF WORK

1.0 INTRODUCTION. The Naval Air Warfare Center Aircraft Division (NAWCAD) Patuxent River, St. Inigoes, Special Communications Requirements (SCR) Division provides Command, Control, Communications, Computers, and Intelligence (C4I) capabilities and solutions to a broad range of customers. As the Lead Systems Integrator (LSI) for critical communication systems engineering projects, SCR Division provides specialized solutions to best support customers' specific needs, who are often responding to shortfalls in National Security and critical capabilities gaps requiring immediate fielding of new or improved solutions. Customer driven system requirements are often fluid and require an elevated level of interoperability. The purpose of this task order is to provide services and supplies to the SCR Division to support a subset of C4I projects including legacy, current and next generation telecommunication and related communications-electronics (C-E) systems requirements and the design, development, integration, test and evaluation, and fielding of those systems, subsystems and components.

1.1 Scope. The contractor shall provide support Services, where the Government is the Lead System Integrator for implementation (from concept through deployment) of telecommunication and related C-E systems to enable efficient information exchange of voice/video/data. This shall include research, design, engineering, development, analysis, prototyping, fabrication, integration, installation, test and evaluation, training, and logistic support of telecommunication and related C-E systems, subsystems, and components. The resulting systems shall be employed within user locations or platforms including shipboard, shore-based (fixed, transportable and ground mobile), airborne, and handheld. Normal operating conditions for the systems may range from benign office surroundings to harsh environmentally unfriendly situations. The telecommunication and related C-E systems are implemented, primarily using Commercial Off The Shelf (COTS) equipment, to meet a variety of communication connection requirements including line-of-sight (LOS), global, point-to-point, networked, or broadband access. The technologies applied to the telecommunication transmission systems designed, developed, and implemented must meet or enhance performance requirements, with cost effectiveness and maintainability.

1.2 Inherently Governmental Functions. No item in this Performance Based Statement of Work (PBSOW) shall be interpreted to have the contractor perform any services that are inherently governmental services or personal services as defined in FAR 2.101. If any provision of the PBSOW conflicts with this term, this prohibition shall take precedence. Although not all inclusive, communication areas of specialty which are of particular interest to SCR Division include the following:

1. Military Satellite Communications – to include UHF, SHF, EHF, GPS, GBS, and Tri-Band Systems
2. Commercial Satellite Communications – to include INMARSAT, Iridium, Ku, C, Ka, LEO, and VSAT Systems
3. HF Radio Communications/Technologies – to include ALE, NVIS, IP over HF
4. Short Haul Tactical Communications – to include UHF/VHF LOS, HAVEQUICK, SINGARS,

and Microwave

5. Commercial Wireless Communications – to include cellular, LMR, paging, PCS, and wireless LAN

6. Leading Edge Wireless Technologies – to include S/W defined radios, 3rd Generation system, AJ/LPI/LPD mechanisms, broadband enabling techniques (compression, TDMA, CDMA, etc.), JTRS, DMR, Slice Radios, or Ultra Wide Band (UWB) Pulse Technologies.

7. Digital Networking Technologies – to include PAN, LAN, WAN and MANs of various topologies and being connected via copper, fiber-optics or wireless connections. Networking protocols, ATM, Frame Relay, ISDN, DSL, SONET, TCP/IP, MPLS, VOIP, Quality of Service, and latency are all important areas of interest with these technologies.

8. Encryption and IT Security Technologies – to include integration and installation of current Type 1 approved cryptographic devices into telecommunication systems and the design and configuration of multi-level/multi-domain security systems.

2.0 APPLICABLE DEFINITIONS AND DOCUMENTS. The following definitions, documents, and document sources are provided for reference. Requirements for SCR Division products to have interoperability among military, civilian, U.S. and foreign users may dictate an adherence to a wide variety of specifications and standards. DoD systems shall adhere to the Joint Technical Architecture (JTA) 2.0 Standards. Non-DoD systems may be governed by numerous commercial, national or international standards. The standard development organizations listed are not all inclusive and are presented only as representative sources of the technological interface details which may be required by systems developed with this task order. Likewise, the documentation listed is not all-inclusive but are representative of the types of information that may be required for engineering efforts on this task order.

Definitions:

Baseband Components - Within the context of this effort, includes the source and destination equipment which uses the information exchanged over the telecommunication system. This includes audio generation/receiving equipment (microphones, headsets, speakers, etc.) and data generation/receiving equipment (encoders, decoders, computer equipment, multimedia equipment, facsimile equipment, digital imagery equipment, codecs, encryption devices, modems, etc.).

Broadband – Refers to the ability of a single access line or wireless link, connected to a telecommunications network. This connection provides for fast always-on access to digital content, applications and a range of services. This definition focuses on functionality rather than speed but it is typically assumed to be 200 Kbps or higher.

Communication – The conveyance of information between two points, without the alteration of the structure or content of the message.

Components - Within the context of this effort, includes items such as; antennas, radios, cellular telephones, pagers, satellite terminals, receivers, transmitters, synthesizers, oscillators, amplifiers, modulators/demodulators, RF test components, and related interface devices.

Electromagnetic Environmental Effects (E3) – The impact of the electromagnetic environment upon the operational capability of military forces, equipment, systems and platforms. It encompasses all electromagnetic disciplines, including electromagnetic compatibility; electromagnetic interference, electromagnetic vulnerability; electromagnetic pulse; hazards of electromagnetic radiation to personnel, ordnance and volatile materials; and natural phenomena effects of lightning and p-static.

Telecommunications – A term encompassing the transmission or reception of signals, images, sounds, or information by wire, radio, optic, or infrared media.

Telecommunications System – A system designed to satisfy the complete voice, data or video

----------------------------------	---	----------------------------------	-------------------	-------

communication requirements of the end user. The system may be composed of subsystems and will contain assorted wireless components as well as baseband input/output devices. SCR Division systems may range from standard single channel radios to a network of subsystems providing global communications. The system may be broadband, and multi-spectral and handle combinations of voice, data and video.

Wireless – Using the radio frequency spectrum for transmitting and receiving voice, data, and video signals for communications.

Standards, Specifications, Instructions, and Developmental Organizations:

3.0 TECHNICAL REQUIREMENTS. The contractor shall provide integration services and supplies as required under paragraphs 3.1 through 3.10. Performance of this work shall be measured in accordance with the Quality Assurance Surveillance Plan (QASP) (see Attachment 1). Services shall require performance at the contractor's facilities, Government facilities, and other locations as designated by SCR Division.

3.0.1 Planning meetings shall be held prior to the beginning of each effort to discuss cost, schedule, and performance. Progress meetings shall be held periodically, as scheduled, during execution of each effort to ensure understanding of the requirement, review progress, and make any adjustments to the work effort to meet project goals.

3.0.1.1 The cost element discussions will include estimated level of effort per labor category, material, and travel requirements.

3.0.1.2 The schedule element discussions will include the time frame and key program milestone dates in which to accomplish the effort. When applicable, prioritization or reprioritization of work completion based on overarching Government requirements.

3.0.1.3 The performance element discussions will include each of the areas of section 3.0 of the SOW, as applicable, method of quality assurance and location(s) of work performance.

3.0.2 Effort Tracking Process. The technical support services provided by the contractor are managed through planning meetings and will be documented in a Government designated system. Access to the Government system is

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 53 of 224	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

controlled by the COR. The effort tracking process identifies the project, location, and timeframe needed for the contractor to accomplish the effort.

3.0.2.1 The Financial Progress Reports will be used to monitor expenditures against the contract CLINs (CDRL A012). The process is used by the COR and Government Project Leads at the working level to monitor and track the contractor costs to ensure they are consistent with the work being performed.

3.0.2.2 All Effort Tracking records in the Government system shall be associated with tasking that is within the contract SOW and identify the specific paragraph(s) applicable to the effort. Efforts will be discussed with the contractor prior to execution to ensure the requirements are thoroughly understood by the contractor.

3.0.3 In accomplishing work under this task order, the contractor may be required to perform Equipment Installation of Personal Property within a Government Real Property facility as defined in OPNAVINST 11010.20 series, Facilities Project Instruction, Chapter 6 and Chapter 4.1.1h(2). Construction work as defined in OPNAVINST 11010.20, Classification of Work -- Construction, Chapter 4 is not permitted under this task order. For any work that can be construed as contraction, the vendor shall contact the COR to coordinate with the appropriate facilities group to accomplish the necessary work. If the contractor feels the work being performed needs clarification, contact the Procuring Contracting Officer (PCO) and COR to get a determination before proceeding.

3.1 Telecommunication Systems, Systems Engineering. The contractor shall provide systems engineering support to the SCR Division mission involving both the study and application of telecommunication technologies in order to develop new, or enhanced/augmented telecommunication and related C-E systems. The contractor shall provide top-level architectural design services to optimize system performance. Systems engineering methodologies shall be used to determine creative solutions to unique telecommunication communication scenarios. Analysis of total system performance based on subsystem and component procurement, replacement, modification or enhancement will be made. Results of surveys, analysis, and associated technical data shall be provided in accordance with Exhibit A. The contractor shall:

a. Support the development, review, refinement or critiquing of system documents such as concepts of operations (CONOPS), capability development document (CDD), initial capabilities document (ICD), capability production document (CPD) as well as specifications, program and project plans. Define points of design inadequacy and risks within the specified documentation and document results. (CDRLs A002, A003, A004, A006)

b. Investigate new telecommunication technologies for applications to existing and proposed SCR Division programs. (CDRL A003)

c. Perform industry surveys at SCR Division designated locations to determine the availability of off-the-shelf components that meet design goals. This involves contacting commercial suppliers, identifying components, and performing trade-off studies to provide recommendations to SCR Division technical personnel. (CDRL A003)

d. Witness demonstrations and perform initial tests and evaluations to determine appropriateness of newly identified telecommunication components/systems for application to proposed systems. (CDRLs A002, A003, A007, A008, A009)

e. Prepare technical reports documenting new technologies, evaluation of results and potential design solutions, improvements, and alternatives. Reports shall detail all associated tradeoffs and shall fully justify recommended approaches. (CDRLs A003, A006, A009)

f. Participate in meetings, design reviews and conference presentations to provide telecommunication systems engineering and associated C-E expertise (CDRLs A002, A003).

g. Provide specialized broadcast transmission engineering expertise for integrating advanced broadcast system and components into electronic and communication systems, especially small footprint, modular broadcast components to meet long range requirements. (CDRLs A002, A003, A006)

3.2 Telecommunication Systems, Design and Analysis. The contractor shall provide design and analysis services to SCR Division relative to applications of telecommunication systems, subsystems and components. Results of analysis, studies, and associated technical data shall be provided in accordance with Exhibit A. The contractor shall:

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 54 of 224	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

- a. Support the design and analysis of telecommunication systems and evaluate their capability to meet technical, functional, and mission requirements. Evaluate the systems capability to meet design goals and standards in an operational environment, with consideration given to reliability, maintainability, interoperability, and life cycle cost effectiveness. Identify risk and low-performance areas. (CDRLs A002, A003, A004, A006)
- b. Study methods by which telecommunication system, subsystem and component design improvements can be effected. Identify strengths and weaknesses associated with various design alternatives and recommend design modifications to the SCR Division technical personnel. Perform computer simulations, network, and circuit modeling. (CDRLs A003, A004, A005, A006)
- c. Perform tradeoffs and system requirement allocations to maximize performance. The analyses shall include: link power budget calculations, radio propagation/coverage assessments, cost tradeoffs, performance assessments, and reliability and supportability of the components. The analyses shall focus on total system analysis, subsystem, component, and subcomponent elements. (CDRLs A003, A006)
- d. Perform analysis of commercial off-the-shelf (COTS) C-E equipment, power/battery sources, graphical user interfaces (GUI), other man-machine interfaces, and system shelters/enclosures/platforms to ensure that the COTS meet electrical, electronic, and mechanical requirements associated with operation in the intended environment. (CDRLs A002, A003, A006)
- e. Prepare functional allocations among hardware, software, and firmware components, consistent with an integrated system design. Document the telecommunication system design to include a Material Equipment List (MEL) and a Plan of Action and Milestones (POA&M). (CDRLs A003, A004, A005)
- f. Prepare technical documentation describing design and analysis conducted to include technical reports, system specifications, block diagrams, schematics, hardware configurations, interfaces, parts lists, wiring diagrams, functional descriptions, and supporting technical data. (CDRLs A003, A004, A005, A006)
- g. Participate in design review meetings, technical reviews, and conference presentations to provide telecommunication and associated C-E design expertise. (CDRLs A002, A003)

3.3 Telecommunication Systems, Development, Prototyping, and Modification. The contractor shall support the SCR Division's development of entire telecommunication systems. In addition, the contractor shall provide prototyping and modification services for specified systems, subsystems, components, equipment, or the shelters/enclosures/platforms intended to house the systems. Required plans and procedures shall be provided in accordance with Exhibit A. The contractor shall:

- a. Perform the required electrical/electronic design, development, prototyping, and modification services to telecommunication systems, subsystems and components, associated C-E equipment, and the shelters/enclosures /platforms intended to house or transport the system. (CDRLs A002, A003, A004, A005, A006)
- b. Perform the required mechanical engineering design, development, prototyping, and modification services on telecommunication systems, subsystems, components, associated C-E equipment, and the shelters/enclosures/platforms intended to house or transport the system. (CDRLs A002, A003, A004, A005, A006)
- c. Draft hardware/software specifications for use in the integration of new or improved components within a system or subsystem. The specifications shall include all interface requirements necessary to support system functional and mission requirements. (CDRLs A002, A003, A005, A006)
- d. Perform limited fabrication, including the electrical and mechanical connections for the production of breadboards, mock-ups, and prototype systems. (CDRL A003)
- e. Prepare technical documentation describing the design and development of prototypical/modified equipment, systems, and shelters/enclosures/platforms including design, development, and installation plans describing the development processes, fabrication techniques, installation procedures, and operational instructions of the equipment, systems, and shelters/enclosures/platforms. (CDRLs A002, A003, A004, A005, A006, A010, A014)
- f. Deliver all prototypes and modified equipment, systems, shelters, enclosures, and platforms to SCR Division or SCR Division specified designation. (CDRLs A002, A003, A004, A005, A006)

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 55 of 224	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

3.4 Telecommunication Systems, Integration, Installation and Training. The contractor shall provide support to SCR Division in the integration, installation and end-user training of telecommunication systems. Required plans and associated technical data shall be provided in accordance with Exhibit A. The contractor shall:

- a. Review integration requirements and identify functions necessary to meet these requirements. Provide recommendations to SCR Division technical personnel regarding integrated packaging strategies to effectively house transport the system. (CDRLs A002, A003, A014)
- b. Review available component performance characteristics and identify suitable equipment. Provide support for the procurement of equipment required for system integration. (CDRLs A003, A004, A014)
- c. Generate integration plans describing the technical approach, interface requirements, electrical and physical layouts, schedules, test requirements, and other actions necessary for the complete integration of the system. (CDRLs A003, A007, A008, A014)
- d. Integrate equipment to support telecommunication and related C-E component and system integration testing. Provide simulation of system components. (CDRLs A002, A003, A009, A015)
- e. Conduct operations training (formal classroom as well as on-the-job) to the end user for SCR Division developed telecommunication system and the modifications made to same. Develop, maintain and update training plans, materials and curriculum. Conduct training for operators, maintainers, other instructors and key personnel. Identify and coordinate vendor training on new equipment. (CDRLs A002, A010)
- f. Prepare technical documentation, integration plans, operator and maintenance instruction manuals, training material, checkout procedures, and installation plans. (CDRLs A003, A010, A014)

3.5 Telecommunication Systems, Test and Evaluation. The contractor shall provide test and evaluation support for SCR Division developed telecommunication systems. Required plans, procedures, and associated technical support shall be provided in accordance with Exhibit A. The contractor shall:

- a. During the course of the test and evaluation of telecommunication systems, prepare test plans, methodology, procedures, specifications, and test reports. (CDRLs A002, A003, A007, A008, A009)
- b. Conduct bench level component tests during development, integration and acceptance, or operational testing at the system or subsystem level. The accumulated test data must be analyzed with results included in detailed test reports. Any discrepancies between test results and requirements or specifications shall be analyzed and recommendations provided for resolution of technical issues. (CDRLs A002, A003, A004, A005, A009)
- c. Support the design, development, integration, and maintainance of laboratory test-beds to support telecommunication system evaluation. (CDRLs A003, A007, A008, A009)
- d. Support field testing of telecommunication systems to evaluate the merits of the design with respect to performance and cost. Recommend and participate in the development of design improvements and re-evaluation using SCR Division furnished criteria. Provide technical data and analyses in support of these activities. (CDRLs A002, A003, A007, A008, A009)
- e. Assist in the development of the baseline data necessary to ensure that the laboratory or field test data collected are valid. This may involve performing propagation analyses, insertion loss estimates and measurements, port-to-port coupling calculations, power density estimates, radiation pattern, and hazard analyses. (CDRLs A003, A007, A008, A009)
- f. Conduct actual on-air, operational or computer simulated propagation measurements to validate system performance. Perform system operational and verification testing (SOVT). Perform system bit-error-rate (BER) testing in normal and interference environments. Provide support in conducting SATCOM terminal certification testing. Conduct pre and post system deployment RF coverage surveys at SCR Division designated locations. (CDRLs A002, A003, A009)
- g. Provide technical comments to formal Test and Evaluation Master Plan (TEMP) documents. Conduct and participate in formal Developmental Test (DT) periods, provide technical support as required during formal Operational Test (OT) periods. Conduct operations training for end users who are conducting and participating in the

formal testing of telecommunication system. (CDRLs A002, A003, A007, A008, A009, A010)

3.6 Telecommunication Systems, Special Engineering and Applications. The contractor shall provide special engineering and application support to SCR Division developed telecommunication systems. Required information shall be provided in accordance with Exhibit A. The contractor shall:

a. Research, identify, review, and compare new, state-of-the-art, emerging, and on the horizon telecommunication technologies for applications within SCR Division programs and associated C-E systems. Develop, review, refine or critique Technology Readiness Assessments (TRAs) and Technology Maturity Assessments (TMAs). (CDRL A003)

b. Assist in the design of unique packaging schemes for telecommunication systems to include covert operations, concealment, disguise of features, tamper proof operation, fail-safe operation, intrusion detection/self destruct features, operation in extremely harsh environments, and other packaging schemes. (CDRL A003)

c. Support multimedia development, interface, and operational use of telecommunication systems. Efforts include film production/editing, graphics, media (analog or digital) management/duplication/storage, internet services, general audio-visual production, 3-D concept visualization, and digital photography. (CDRLs A002, A003)

d. Support the design, integration, and testing of the physical and electrical security of telecommunication systems and their associated facilities. (CDRLs A002, A003, A004, A007, A008, A009)

e. Support the design of telecommunication systems for successful operation in foreign countries where different laws, treaties, or international rules may govern in peacetime. (CDRLs A002, A003, A004, A007, A008, A009)

3.7 Telecommunication Systems, Facility Design and Upgrade. The contractor shall provide

services in support of the design and upgrade of facilities which are used to primarily house telecommunication systems and equipment. These facilities may include Sensitive Compartmented Information Facilities (SCIF) or SCIF areas. Required information shall be provided in accordance with Exhibit A. The contractor shall:

a. Conduct or review facility requirements analyses. Evaluate the facility and its supporting structures' capability to meet telecommunication operational requirements. Conduct surveys at potential installation sites at SCR Division designated locations to document architectural designs and conceptual alternatives, design options and operational assessments. (CDRLs A002, A003, A004, A017)

b. Conduct or review facility site surveys at SCR Division designated locations. Identify facility layout, space considerations, cable plant layout, and structural considerations. Identify and review available power, physical, environmental, and security constraints. Identify the organization's point of contact for supporting the facility design, upgrade, operations and maintenance. (CDRLs A002, A003, A004, A017)

c. Document an Implementation Plan including a POA&M for the facility modernization and upgrade. (CDRL A014)

d. Assist in the development of supporting project documentation detailing modifications made to the facility (e.g. CAD drawings of room layout, or other details) utilizing SCR Division furnished criteria. (CDRLs A003, A004)

e. Provide technical support at meetings with architect and engineering contractors, construction contractors and Public Works representatives that may be involved in the telecommunication facility design and upgrade. (CDRLs A002, A003)

3.8 Telecommunication Systems, Cable Plant Design and Installation. The contractor shall provide services related to the design and installation of telecommunications facility cable plant and/or premises distribution systems. Required information shall be provided in accordance with Exhibit A. The contractor shall:

a. Conduct or review cable plant requirements analyses. Evaluate the cable plant's capability to meet telecommunication operational requirements. Conduct or review facility site surveys at potential installation sites as designated by the SCR Division to determine and document cable plant designs and conceptual cable plant alternatives,

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 57 of 224	FINAL

design options, and operational assessments. Identify facility layout, space and structural considerations that would impact cable plant design/installation. (CDRLs A002, A003, A017)

b. Assist in the design and documentation of the cable plant/premises distribution system. For each design, a detailed Material Equipment List (MEL) shall be developed. (CDRLs A003, A004)

c. Identify, acquire, install and test cable plant components and equipment in SCR Division designated areas. These areas may be located in a single building or they may involve multiple buildings distributed activity wide. Depending on site-unique requirements, installation of the cable plants may require facility alteration, mounting of conduit, or other physical modifications. (CDRLs A002, A003, A009)

d. Revise documentation for the installed cable plant, including as-builts and any structural modifications. (CDRLs A003, A004)

3.9 Logistics Support. The contractor shall provide integrated logistics support (ILS) services for new and modified telecommunication systems. This may include system level logistics planning to include sustainability, operational effectiveness, suitability requirements, and full life cycle functions required to optimize system performance and to minimize costs. Elements of this task shall include:

a. Assist in the development or review of strategies utilizing SCR Division furnished criteria, supporting telecommunication system requirements considering geographic area of deployment, equipment requirements, supportability, interoperability, availability, procurement lead times, inventory and stocking requirements. Assist in the development and maintainance of provisioning parts list for spare and repair parts. (CDRLs A003, A004, A010)

b. Provide integrated logistics planning and analysis for new, existing and refurbished/modified telecommunication systems. (CDRLs, A003, A013)

c. Support the development, review, analysis, or updates to service maintenance concepts and plans, and reliability plans and reports. (CDRLs A003, A010)

d. Conduct performance based supportability analysis on new and modified telecommunication and related C-E systems covering elements of reliability, maintainability, and availability as they apply to the following: maintenance planning, supply support, support equipment, trend analysis, technical data, manpower and personnel, computer resources, training and training support, packing, handling, shipping, transportations, facilities, and design influence. (CDRLs A002, A003, A010)

e. Receive, verify, and ship equipment and materials for telecommunication and related C-E systems development and life cycle support requirements. (CDRL A003)

f. Prepare and maintain Configuration Management Plans. These plans will include policy and procedures for the identification and control of telecommunication and related C-E systems hardware, software, and documentation. (CDRL A015)

g. Conduct systems operation and maintenance manual verification and validation (VER/VAL). Conduct physical configuration audits (PCAs) on SCR Division developed telecommunication systems. (CDRLs A002, A003, A010)

3.10 Hardware Tracking Support. The contractor shall provide hardware tracking support to gather data for equipment and hardware requirements. Required material reports and analyses shall be provided in accordance with Exhibit A. The contractor shall not accept any products on behalf of the Government. Elements of this task shall include:

a. Provide tracking and monitoring support for material and supplies required to meet SCR Division's mission functions for telecommunications and related C-E systems. Conduct data gathering per Federal Acquisition Regulation (FAR) Part 10, identify sources that may have the material capable of satisfying the the SCR Division's requirements. Support the identification of quantity and schedule requirements (including requirements for spare parts support) and support planning for the procurement of long lead items. (CDRL A003)

b. Maintain a current list of required hardware items that are to be procured and provide technical

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 58 of 224	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

support in the preparation of procurement documentation. (CDRL A003)

c. Monitor and track all material/equipment during activities in the acquisition process (from procurement planning, receipt and bar-coding of material/equipment, to delivery of final product to SCR Division). The contractor shall interface with SCR Division technical personnel and with vendors regarding delivery status of equipment and materials required to support telecommunication and related C-E systems (CDRLs A002, A003).

d. Review Federal Stock System for availability of required items. (CDRL A003)

e. Enter, update, and complete requisition tracking data in the Government's automated system. (CDRL A003)

f. Using Government's automated systems, track acquisition status from procurement initiation to hardware delivery. Compare expected hardware availability with system installation, test, and operational schedules. Utilize the Government's automated system to provide project material tracking reports and to identify delinquent material deliveries. Notify SCR Division of discrepancies between schedules and hardware delivery. (CDRLs A002, A003)

g. Maintain accurate inventory records on equipment received by the contractor for storage prior to integration. Warehouse equipment and materials; establish and maintain a system for tracking, inventorying, and managing parts and equipment required for test and repair of systems. (CDRL A003)

h. Perform analyses, gather information, and make recommendations to SCR Division concerning use and integration of NSN and non-NSN hardware materials. (CDRL A003)

i. Input requisition receipt data in the Government's automated system for commercial procurements, when received by the contractor after inspection by SCR Division. (CDRL A003)

j. Input, recall, forward, and/or print data from the NAVAIR/NAWCAD corporate procurement initiation systems. (CDRL A003)

4.0 PROGRESS REPORTS.

4.1 Technical Report. The contractor shall submit a monthly technical progress report and deliver to NAWCAD Patuxent River, St. Inigoes by the 10th of the month following the first full month of the task order (CDRL A001). The COR may request submittal of the monthly progress reports via electronic storage media, such as CDs.

4.2 Financial Progress Report. Financial progress reports shall be submitted at a minimum of twice a month, within five (5) working days after the end of every reporting period in conjunction with the contractor's time/fiscal accounting system. These financial status reports will be transmitted electronically to the COR, at an NMCI email account, via a contractor-furnished work station. Instructions for electronic submission are provided in the Electronic Transfer of Contractor Expenses, Appendix (1). Before implementing a system or schedule for submission, the contractor shall check with the COR to ensure all Code 4.5.11 requirements are met. Additionally, a copy of the financial data transferred shall be submitted the Friday following the electronic transmission by 1600, e.s.t. The contractor shall conduct quality reviews of all data before and after each electronic submission and is responsible for updating and correcting errors and omissions on current and cumulative expense data within 48 hours of submission. Adjustments to all CLINs shall be submitted electronically, as required, to the level of detail specified in Appendix (1) Electronic Transfer of Contractor Expenses as the adjustments occur. Prior year adjustments shall be made at the lowest level, and shall be available upon request (CDRL A012).

4.3 Reserved

4.4 Reporting of Costs. To support invoice reviews conducted as part of proper surveillance, the Contractor shall report costs in accordance with CDRL A021.

5.0 FACILITIES/PROPERTY

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 59 of 224	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

5.1 **CONTRACTOR-FURNISHED FACILITIES.** The contractor shall provide its own support facilities needed to perform the requirements of this task order except as provided in paragraph 5.2. The contractor shall provide, for both on-site and off-site requirements, all equipment and office/facility furnishings to support the Performance Based Statement of Work (PBSOW) requirements.

5.1.1 Because of the hands-on effort, the Contractor's facility shall contain assembly, vehicular access, test and storage space, as well as attendant office space for the support staff. The facilities shall be within 45 ground transportation miles of NAWCAD St. Inigoes, MD. The facility location shall satisfy the daily technical and management operation of the task order. The contractor shall be responsible for coordinating delivery of Government provided equipment, i.e., integration materials and special purpose equipment, from the Government location to the designated contractor site. It is anticipated that the cost of the facilities will be proposed as an indirect charge to the Government, and the facility may not be located on Government property.

5.1.2 The contractor shall ensure that all contractor/Government site employees requiring connectivity with the SCR RDT&E Network are either furnished or provided access to computers for development of documentation, databases, and spreadsheet data. These computers shall have sufficient memory, hard disk space, a network interface card, and be capable of running a full range of standard software including current versions of Microsoft Windows Operating System and Microsoft Office Professional. Desktop computer systems shall be set-up to allow access to the SCR RDT&E Network. Technical support from the manufacturer of the hardware and software must be available. Minimum baseline requirements for these computers are as follows.

Hardware:

DVD +/- RW CD +/- RW Combo drive

10/100/1000 NIC

USB Keyboard w/CAC reader

Software:

Windows XP Pro / Vista

Microsoft Office 2K3 / 2K7

Norton AV (Gov site license)

CITRIX (Gov site license)

The contractor shall also provide laser printers, fax machines, and other office automation equipment for each building in such a manner that employees' time can be utilized in the best fashion, without delays in waiting for data to be processed or be printed out. Portables are to be used for remote/web access only. The use of laptops and docking stations on the network is prohibited at this time. Contractors are mandated by DOD policies to use government-approved client PKI's, Class 4 Certificates, for accessing various government DOD resources, i.e. WEB Sites. The contractor shall provide approved client DOD client PKI Class 4 Certificates or CAC Badge/CAC Readers. The contractor shall provide all desks, chairs, and other office/facility furnishings. It is anticipated that the cost shall not be a direct charge to the Government.

Contractor-owned equipment shall be permitted connections to NAVAIR/DOD networks in order to carry out the performance of this task order. All Contractor-owned hardware and/or software shall meet DOD 8500.2 IA Controls, is subject to validation scanning and must be approved by the COR and SCR Network ISO prior to connection.

5.1.3 All property must be tagged as Contractor Furnished Equipment (CFE) assets. All CFE assets must have COR and SCR Network ISO approval prior to connecting to the SCR Division network. No personally owned computers are allowed to be attached to the SCR Division network.

5.2 Government-Furnished Facilities/Property. The Government will provide 1,960 square feet of office, laboratory and integration space for the contractor for on-site work requirements located at NAWCAD, Patuxent River, St. Inigoes, MD. These shared access spaces shall be provided with integration benches, lights, power, and climate control as required for this effort. If the contractor chooses to alter the work area in any manner, they shall

have prior approval from the COR and shall be responsible for the cost of any modifications approved. The contractor shall provide all equipment, tooling, test equipment, office/facility furnishings and equipment, and transportation vehicles to support the PBSOW requirements. Transportation vehicles shall be provided to support and meet delivery and pick-up of Government provided equipment and integration materials when scheduled. Integration materials will be provided to the contractor. On a limited case-by-case basis special purpose equipment may be provided for use in the test and evaluation of Government furnished C-E systems, equipment/systems and subsystems. The cost of transportation vehicles supporting PBSOW requirements for the contractor to conduct its normal business operations will not be considered as an allowable direct cost in the performance of the task order.

5.3 SPECIAL FACILITIES - Under this contract, contractor employees, spouses and family members assigned overseas within the European Theater in Germany will be regulated by Army in Europe (AE) Regulations 600-700 dated 28 May 2009, or its replacement as superseded. Individual Logistics Support for Civilian Contractor Personnel will be provided in accordance with Chapter 7 of this Regulation.

6.0 QUALITY ASSURANCE.

6.1 Best Commercial Workmanship. The contractor shall provide and maintain a quality program in accordance with the following:

a. The contractor is required to maintain and operate a facility wide quality management system that is designed for the products and services to be provided under the task order.

b. The manufacturing and quality management systems will use ANSI/J-STD-001, "Requirements for Soldered Electrical and Electronic Assemblies", IPC-A-610, "Acceptability of Electronic Assemblies", and IPC-R-700, "Suggested Guidelines for Modification, Rework and Repair of Printed Boards and Assemblies" as the required guidelines for producing electrical and electronic assemblies.

c. The quality management system will use the quality requirements as defined in FAR 46.202-4(a) and satisfy ISO 9001:2008, "Quality Systems - Model for Quality Assurance in Design, Development, Production, Installation and Servicing".

d. The quality management system documentation and the system's effectiveness are subject to review by NAWCAD at any time during the period of performance of this agreement.

e. Standard program data that may be required by the Government to compile trend studies shall be made available as needed.

6.2 The contractor's quality management organization must be clearly defined, and employees providing quality functions must have adequate responsibility, authority, and freedom to identify and evaluate problems and to initiate, recommend, or provide corrective action.

6.3 A periodic review of quality requirements shall be conducted by the contractor to identify the controls, processes, skills, fixtures, tools, and test equipment needed to ensure product quality. The results of this review shall update inspection and testing techniques, instrumentation, and manufacturing methods and processes. Standard program data that may be required by the Government to compile trend studies shall be available as needed.

7.0 DATA ITEMS FORMAT. The contractor shall provide a uniform order of the following information clearly placed on all required contract data item (deliverables): contract number, task order number, contractor's name, contractor WBSN, CDRL number and title, period covered, and date of submission. Progress reports identified in PBSOW 4.0 shall include charts, curves, and other graphics needed to clearly define the status of the task order. All data items required by the CDRLs (DD Form 1423, Exhibit A) shall be distributed only to the COR.

7.1 The contractor shall provide deliverables in electronic format whenever possible. Deliverables shall be electronically mailed to the COR where feasible, or delivered by hand or postal service in electronic or hard copy format. Specific InterNet addresses for electronic submission of deliverables will be provided after task order award.

8.0 PERIOD OPTION CLOSE-OUT. The contractor shall within 90 days after completing each contract option provide a close-out report. The report shall include financial data, deliverable status, disposition of Government-

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 61 of 224	FINAL

Furnished Equipment/Information and Contractor-Furnished Materials. The close-out report then shall be signed by the contractor program manager and forwarded to NAWCAD Patuxent River, St. Inigoes, Code 4.5.11.1. Appendix (3) Contract Close-out provides an example of the required format (CDRL A011).

9.0 WORKPLACE AND SCHEDULE

9.1 Work Schedule. The Contractor shall provide the required services and staffing coverage during normal working hours (NWHs). NWHs are usually 8.5 hours (including a 30-minute lunch break), from 0730-1600 each Monday through Friday (except on the legal holidays specified elsewhere). Some supported Government offices have flexibility to start as early as 0600/0630 and end as late as 1800 Monday - Friday. Services and staffing shall be provided for each office at least 8 hours per day (during the 8.5 hour workday which includes the 30-minute lunch break).

Government Employees are allowed to voluntarily work a "Compressed Work Schedule" (CWS). CWS is an alternative work schedule to the traditional five 8.5 hour workdays (which includes a 30-minute lunch) worked per week. Under a CWS schedule an employee completes the following schedule within a two-week period of time: eight weekdays are worked at 9.5 hours each (which includes a 30-minute lunch), one Friday is alternately worked as 8.5 hours (which includes a 30-minute lunch) and one Friday is not worked by the employee. The result is 80 hours worked every two weeks, with 44 work hours one week and 36 work hours the other."

The Contractor awarded this task order, with agreement by COR, may allow its employees to work a CWS schedule. Any contractor that chooses to allow its employees to work a CWS schedule in support of this task order, agrees that any additional costs associated with the implementation of the CWS schedule vice the standard schedule are unallowable costs under this task order and will not be reimbursed by the government. Furthermore, all contractors shall comply with the requirements of the Fair Labor Standards Act and particularly with Section 7 regarding compensatory overtime. Additionally, the CWS schedule shall not prevent Contractor employees from providing necessary staffing and services coverage when required by the Government facility.

10.0 TRANSPORTATION. The Contractor may, on occasion, be required to provide transportation to Government members of the TDY team when it is deemed most economical to the Government and is otherwise in the Government's best interest, and the cost for such transportation will be reimbursed in accordance with the ODC CLINs included in this task order.

11.0 SECURITY: The Contractor shall implement and maintain security procedures and controls to prevent unauthorized disclosure of controlled unclassified and classified information and to control distribution of controlled unclassified and classified information in accordance with the National Industrial Security Program Operating Manual (NISPO) and DoDM 5200.01, Information Security Manual. The DoD Contract Security Classification Specification, DD Form 254, (Attached), defines program specific security requirements. All controlled unclassified information shall be appropriately identified and marked as For Official Use Only in accordance with DoDM 5200.01, Information Security Program: Controlled Unclassified Information (CUI) Volume 4 (enclosure 3) and DoD 5400.7-R (Freedom of Information Act Regulation) (Chapter 3). All Contractor facilities shall provide an appropriate means of storage for controlled unclassified and classified documents, equipment, and materials in accordance with Operations Security (OPSEC) requirements.

For Official Use Only information generated and/or provided under this contract shall be marked and safeguarded as specified in DoDM 5200.01 (DoD Information Security Program: Controlled Unclassified Information (CUI)) Vol. 4 (enclosure 3 pages 11-17) available at http://www.dtic.mil/whs/directives/corres/pdf/520001_vol4.pdf and DoD 5400.7-R, Freedom of Information Program Chapter 3 (pages 31-42) available at <http://www.dtic.mil/whs/directives/corres/pdf/540007r.pdf> .

All controlled unclassified technical information shall be appropriately identified and marked with the following distribution statement:

All controlled unclassified technical information shall be appropriately identified and marked with the distribution statement identified on the source document or directed by the COR.

11.1 **Operations Security (OPSEC):** The Contractor shall develop, implement, and maintain an OPSEC program to protect controlled unclassified and classified activities, information, equipment, and material used or developed by the Contractor and any subcontractor during performance of the contract. The Contractor shall be responsible for the subcontractor implementation of the OPSEC requirements. This program may include Information Assurance and Communications Security (COMSEC). The OPSEC program shall be in accordance with National Security Decision Directive (NSDD) 298, and at a minimum shall include:

- 1) Assignment of responsibility for OPSEC direction and implementation.
- 2) Issuance of procedures and planning guidance for the use of OPSEC techniques to identify vulnerabilities and apply applicable countermeasures.
- 3) Establishment of OPSEC education and awareness training.
- 4) Provisions for management, annual review, and evaluation of OPSEC programs.
- 5) Flow down of OPSEC requirements to subcontractors when applicable.

11.2 **OPSEC Plan.** The Operations Security (OPSEC) plan shall be furnished pursuant to the requirements provided herein. Required information shall be provided in accordance with Exhibit A (CDRL A016).

11.2.1 The contractor shall provide OPSEC protection for all classified information (as defined by FAR Subpart 4.4) and sensitive information (as defined by Section 3 (d) (4) of PL 100-235 (101 Stat 1727)), pursuant to the National Security Decision Directive 298 of 22 January 1998 and DFARs clause 252.239.7016. In order to meet this requirement, the contractor shall develop, implement, and maintain a facility level OPSEC program in accordance with Exhibit A to protect classified and sensitive information to be used at a contractor's and subcontractor's facilities during the performance of this task order.

11.2.2 The contractor shall be responsible for subcontractor implementation of the OPSEC program requirements for this task order. The OPSEC plan shall be developed in accordance with the requirements set forth in NAWCINST 3432.1 and OPNAVINST 3432.1 and submitted to NAWCAD SCR Division Code 4.5.11.1, Patuxent River, St. Inigoes.

12. OCONUS TRAVEL. The contractor may be required to provide support outside of the Continental US (OCONUS) in support of intelligence operations and communication equipment/systems and subsystems as required by the COR in accordance with DFAR clause 252.225-7040. OCONUS support shall include, but not limited to, providing adaptive engineering assistance, integration assistance, installation, informal training, review, and evaluation of configuration management feedback, trouble report tracking, equipment evaluation, procurement assistance or equipment, assistance in the resolution of user maintenance issues, assistance in repairs, and testing of communication equipment in accordance with PBSOW paragraphs 3.0-3.9. When travel is required to OCONUS locations the contractor shall meet requirements set forth in the task order. Potential locations may include but are not limited to Iraq, Afghanistan, and Jordan.

13.0 ESTIMATED MATERIAL: It will be necessary for the contractor to have a material funding allocation to immediately respond to system development requirements, system failures, and system operational requirements. All incidental material purchases will be approved per the H-3 Clause, Restriction on the Direct Charging of Material.

14.0 INFORMATION TECHNOLOGY (IT)

INFORMATION TECHNOLOGY (IT) ACCESS

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 63 of 224	FINAL

The contractor shall coordinate with the COR all IT network or website access requirements after award of the contract and shall be in accordance with the latest DOD policies and the SCMS Research, Development, Test and Evaluation (RDT&E) Network Standard Operating Procedures (SOP) (Attachment X).

Contractor Facility Access. Employees requiring access to various DoD resources (i.e. RDT&E Network, DoD websites and networks) from a contractor facility are mandated by DoD policies to use government-approved Public Key Infrastructure (PKI's) along with an appropriate hard key (i.e. Smart Card). Defense Information Systems Agency (DISA) will be the primary source for these certificates.

Government Facility Access. Contractor-owned equipment will be permitted connection to NAVAIR/DoD networks in order to carry out the performance of this contract. Upon contract award, the contractor shall provide all government site employees' desk top computers to conduct daily work that meets all of the hardware, software and standard architecture set forth in the SCMS RDT&E SOP. Portables are not allowed. Desktop computers shall have sufficient memory, hard disk space, a network interface card, CAC Readers and the capability of running a full range of standard software including current versions of Microsoft Windows Operating System and Microsoft Office Professional. All Contractor-owned hardware or software shall meet DoD 8500.2 IA Controls. Technical support from the manufacturer of contractor-owned hardware and software must be available. All contractor-owned desktop computers provided for Government facility access will be submitted for re-imaging and validation scanning prior to allowing connection to the RDT&E local area network. Approval is required by COR and SCMS Network Information Site Security Officer prior to connection. All connected desktops will be subject to continuous monitoring.

"The Government will provide all necessary reference documents not generally available to the Contractor as required. Throughout the life of the contract, if any instruction or document is replaced or superseded, the replacement or superseding instruction or document shall be applicable to the requirements defined in this SOW.

The Contractor shall not purchase any Information Technology (IT) equipment on behalf of NAVAIR in support of this Contract without a Naval Air Systems Command (NAVAIR) Command Information Officer (CIO) signed "IT" approval.

It is the Government's responsibility to ensure that any "IT" procurement (hardware/hardware maintenance, software/software maintenance, support services, web services, telecommunications, etc.) procured by the Contractor under the scope of this Contract/Task Order that contains "IT" meet the following requirements.

The following paragraphs are for information only:"

1. Clinger-Cohen Act: This clause is **required** in all IT procurements.

In 1996, Congress enacted the Clinger-Cohen Act (CCA) requiring agencies to use a disciplined capital planning and investment control process to acquire, use, maintain and dispose of information technology. In accordance with the following Department of Defense Directive (DoDD), Department of Defense Instruction (DoDI), Office of the Secretary of Defense (OSD) memo, and Secretary of the Navy Instruction (SECNAVINST), CCA compliance is required for all programs that contain IT, including IT in weapons and weapons system programs. The law provides authority to the agency's Chief Information Officer (CIO) to manage IT resources effectively. The authority to grant compliance with CCA and approve the Information Assurance (IA) strategy depends on the Acquisition Category (ACAT).

All IT procured on behalf of NAVAIR shall meet all DoD/DON and NAVAIR IA policies. Failure to follow these policies will result in denied access to NMCI, One Net, Integrated Shipboard Network System (ISNS) and other DON, DoD and Joint Networks. These IA policies are standard across the Department and ensure IA compatibility and interoperability.

IT systems and or networks operated by contractors subsequent to a NAVAIR contract, regardless of the level of data processed shall be operated and in accordance with the NISPOM.

Contractor-owned equipment shall be permitted connections to NAVAIR/DoD networks in order to carry out the performance of this contract. All Contractor-owned hardware and/or software shall meet DoDI 8500.2 IA Controls, is subject to validation scanning and must be approved by the NAVAIR site IA Manager prior to connection. The

following specific criteria must be met before being connected to any DoD or NAVAIR network in support of this contract. Requirements include:

- a. Network Vulnerability Scanning. NAVAIR Deputy CIO for Information Assurance maintains authorized auditing tools and shall provide for firewall/port scans, device discovery scan, vulnerability assessment, and other requirements as required to ensure secure interoperability with DoD Contracts. The contractor shall be responsible for the remediation of any equipment that fails these audits prior to the connection the system to the networks; Results of approvals shall be documented via Memorandum of Agreement with the Facility Security officer and the Defense Security Service Representative for that contractor;
- b. Extent of Validation Scanning. To prevent scanning of “corporate” assets, all such networks, equipment and connections shall be physically segregated from any government/contractor “corporate” networks that are not in direct support of DoD contracts;
- c. Circuit Provisioning. Any circuit or connection between NAVAIR and/or DoD site and the contractor site shall be provisioned via the Defense information Security Agency and comply with CJCSI 6211.02C (series), “Defense Information System Network (DISN): Policy and Responsibilities,” 9 July 2008;
- d. Servicing Systems from a Remote Contractor Site. Remote Access Service connections that allow off-station operation and/or administration of contractor owned systems, located at any NAVAIR facility or site, shall not be permitted, with the exception of those systems connecting to the Command via the Outreach Services identified in Section 7, Enterprise Architecture;
- e. Memorandum of Agreement and Inter-connection Agreements. An Information Assurance Memorandum of Agreement (MOA) between the contractor owning the equipment and AIR-7.2.6 shall be developed and signed before the equipment can be connected to NAVAIR networks. Failure to comply with the signed MOA shall be grounds for disconnection from the network.

5. Enterprise Architecture:

- a. Contractor Networks and Connections. Contractor-owned and operated networks are prohibited on any Naval Air Systems Command (NAVAIR) facility or site in support of this contract. The contractor may access non-government, external IP space via the NAVAIR-provided Virtual Private Network (VPN) Outreach service or NAVAIR CIO approved Internet Protocol (IP) service.
- b. Architecture Compliance. The contractor shall ensure all IT solutions, including database solutions, comply with the appropriate NAE Enterprise Architecture, and are verified by the NAVAIR Enterprise Architect (AIR-7.2.3) prior to build out.
- c. Disclosure of pre-existing networks, circuits or connections. Any and all networks, circuits or connections between the contractor and any NAVAIR site related to previous contracts shall be identified in the MOA. Failure to comply and subsequent discovery of an unregistered network, circuit or connection shall be grounds for immediate disconnection.
- d. IT Approval. The contractor shall not purchase any IT equipment on behalf of NAVAIR in support of a contract without a NAVAIR CIO signed IT approval.

15.0 NMCI Procedures

Effective 01 October 2015, the Government will provide all NMCI services; to include IT related hardware, software, and support, necessary for the performance of this contract/order. Coordination of these services is to be conducted through the COR. Disposition or transfer instructions of previously acquired NMCI assets will be provided by the PCO as appropriate.

DEFINITIONS

As used in the minimum personnel qualification descriptions for this contract, the terms indicated shall be defined or their meaning qualified as follows:

academic year - a full or complete year of study at an accredited junior college, college, university, or other academic institution toward which at least 30 semester hours or 45 quarter hours of undergraduate study, or 18 semester hours or 27 quarter hours of postgraduate study, were completed.

accredited institution - a post-secondary educational institution (junior college, college, university, technical trade, or professional school) which was approved by an accrediting agency listed as nationally recognized by the U.S. Department of Education.

accredited program - an educational program or course of study offered by a post-secondary educational institution, which was approved by an accrediting agency listed as nationally recognized by the U.S. Department of Education.

degree - an academic title conferred by an educational institution upon completion of a unified course of study; if not otherwise qualified, the term shall mean a degree at the bachelor's, master's, or doctoral levels only.

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 70 of 224	FINAL
----------------------------------	---	----------------------------------	-------------------	-------

engineering or **engineering discipline** - when used in relation to educational or work experience requirements, "engineering" shall mean any of the following specific subjects, disciplines, or areas of work experience only: aerospace, computer, electrical, electronics or mechanical.

experience and **years of experience**

a) When used in relation to requirements for past participation in professional work or employment activities, "experience" shall mean full-time (on the basis of a standard forty hour work week) participation, at least one-half of which time was spent performing qualifying functions as practitioner or employee.

b) When used in relation to requirements for a particular term or period of participation, "years of experience" shall mean full, productive years of participation. Productive years are work years of fifty-two weeks reduced by reasonable amounts of time for holiday, annual, and sick leave. If participation was part-time, or if less than one-half of the standard workweek was spent performing qualifying functions, the actual time spent performing qualifying functions may be cumulated to arrive at full years (or years and months) of experience. For example, only the actual number of full days (or full-day equivalents) of duty or drills completed during a year of military reserve participation, or in other qualifying part-time employment or practice may be cumulated toward years of experience. Qualifying part-time experience performed in addition to other full-time qualifying employment during the same period of time may be cumulated on a full-time equivalent basis and added to the full-time experience to satisfy a total experience requirement.

postgraduate degree - a master's, Ph.D., or other professional degree for which completion of an undergraduate curriculum for receipt of a bachelor's degree was a prerequisite.

related field - a "field of study with a similar curriculum of study but is referenced by a different name".

QUALIFICATIONS:

1. The contractor shall be responsible for employing personnel having the following levels of education, professional, and technical experience. These qualifications are only a baseline; contractors should strive for technical excellence in personnel by demonstrating experience and qualifications beyond these qualifications.

a. **Program Manager.** (Key) This labor category shall serve as the overall lead or director on the contract and as the liaison between the contractor and the Government. Minimum qualifications are:

(1) Bachelor's degree in a field of Engineering, Engineering Management, Business Administration, or in an engineering discipline.

(2) Ten years of progressive experience in engineering management and supervision of multiple projects relating to the design, development, integration, testing, and fielding of telecommunications and related C-E systems.

b. **Project Manager.** (Key) This labor category shall serve as principal project coordinator on the contract and shall be responsible for managing various elements of the total contract effort. Minimum qualifications are:

(1) Bachelor's degree in a field of Engineering, Engineering Management, or an engineering discipline.

(2) Five years of experience in engineering management and supervision of a

project in systems engineering, or the design/field service of telecommunication or related C-E systems.

OR

(1) Associate's degree in a field of Engineering, Engineering Management, or and engineering discipline.

(2) Eight years of experience in engineering management and supervision of a project in systems engineering, or the design/field service of telecommunications and related C-E systems.

c. **Senior Engineer.** (Key) This labor category shall serve as a project manager or team leader for the support of tasking involving research, design, development, analyzation and test and evaluation of telecommunications and related C-E systems technology to develop new or enhance/augment existing systems, optimize performance, and determine creative solutions to unique telecommunications and related C-E systems scenarios.

(1) Bachelor's degree in and or a field of Engineering, or related engineering discipline.

(2) Five years of practical engineering experience in telecommunications and related C-E systems.

d. **Engineer.** (Key) This labor category shall provide engineering direction and guidance on the principles, techniques and practices of engineering for telecommunications and related C-E systems design, development, prototyping, modification, integration, installation and test and evaluation. Minimum requirements are:

(1) Bachelor's degree in a field of Engineering or related engineering discipline.

(2) Three years of practical engineering experience in telecommunications and related C-E systems

e. **Computer Systems Engineer.** (Key) This labor category shall provide engineering direction and guidance on the principles, techniques and practices of computer systems engineering for telecommunications and related C-E systems design, development, prototyping, modification, integration, installation and test and evaluation. Minimum requirements are:

(1) Bachelor's degree in a field of Computer Systems Engineering or related engineering discipline.

(2) Three years of practical engineering experience performing design and analysis for telecommunications and related C-E systems. Specialty knowledge in one or more of the following fields is desired: computer hardware, systems software, information security, or computer system architecture and integration.

f. **Senior Systems Analyst.** (Key) This labor category shall serve as a team leader supporting telecommunications and related C-E systems involving management support, concept evolution, design, analysis, development, prototyping, modification, integration, installation, test and evaluation and logistics support. Minimum qualifications are:

(1) Bachelor's degree in a field of Engineering, Computer Science, Mathematics or an engineering discipline.

(2) Five years of experience in telecommunications and related C-E systems

analysis techniques, test and evaluation procedures, or test and design support requirements.

OR

(1) Associates degree in a field of Engineering, Computer Science, Mathematics or engineering discipline.

(2) Eight years of experience in telecommunications and related C-E systems analysis techniques, test and evaluation procedures, or test and design support requirements.

g. **Senior Project Analyst.** (Key) This labor category shall support the project managers or team leaders in the analysis and preparation of work task assignments, schedules and budgets, and in the monitoring and reporting of progress on work assignments. Minimum qualifications are:

(1) Bachelor's degree in a field of Engineering, business related or other technical discipline.

(2) Five years of experience with analysis techniques and project support requirements.

OR

(1) Associate's degree in a field of Engineering, business related or other technical discipline.

(2) Seven years of experience with analysis techniques and project support requirements.

h. **Multimedia Communications Specialist.** (Key) This labor category shall provide telecommunication and related C-E systems engineering design, simulation, electronic modeling, and animation to include audio, video, broadcast, or print communications. Minimum qualifications are:

(1) Bachelor's degree in multimedia – design, development or management.

(2) Five years progressive experience in audio, video, broadcast, or print media development with substantial knowledge of systems integration, theory of operation and processes.

OR

(1) Associate's degree in multimedia – design, development or management..

(2) Seven years progressive experience in audio, video, broadcast, or print media development with substantial knowledge of systems integration, theory of operation and processes.

i. **Senior Network Specialist.** (Key) This labor category shall support tasking that involves integration and interface design analysis, installation, integration, fielding and field service analysis, operation, maintenance, and evaluation and testing of telecommunication and related C-E systems and networks. Minimum qualifications are:

(1) Bachelor's degree in a field of Computer Science, Information management or related discipline.

(2) Five years of practical analysis experience in network design, administration, operations, procedures and troubleshooting.

(1) Associate's degree in a field of Computer Science, Information Management or related discipline.

(2) Seven years of practical analysis experience in network design, administration, operations, procedures and troubleshooting.

j. **Systems Analyst.** This labor category shall provide support related to telecommunications and related C-E systems analysis and systems engineering. Minimum qualifications are:

(1) Associate's degree in a technical discipline field.

(2) Two years of progressive experience in telecommunications and related C-E systems technologies, analysis, design, research, development, test and evaluation, or logistics support.

OR

(1) High School diploma or equivalent.

(2) Four years of progressive experience in telecommunications and related C-E systems technologies, analysis, design, research, development, test and evaluation, or logistics support.

k. **Logistics Analyst.** This labor category shall provide support for logistic technology of integration, installation, and test and evaluation of telecommunications and related C-E systems. Minimum qualifications are:

(1) High school diploma or equivalent.

(2) Three years of logistic experience in a related field plus one year in the field of integrated logistics support.

l. **Computer Systems Analyst III.** This labor category shall support tasking involving computer systems and software design, development, prototyping, modification, integration, installation, and test and evaluation of telecommunications and related C-E systems. Minimum qualifications are:

(1) Bachelor's degree in a field of Computer Science, Computer Engineering, Information Management Systems, Mathematics, or a related field.

(2) Five years of experience in the analysis and design of business or scientific applications of computer systems or networks.

OR

(1) Associate's degree in a field of Computer Science, Computer Engineering, Information Management Systems, Mathematics, or a related field.

(2) Eight years of experience in the analysis and design of business or scientific applications of computer systems and networks.

m. **Project Analyst.** This labor category shall provide support in the study, analysis and gathering of scientific, mathematical, statistical, and financial information. Minimum qualifications are:

n. **Electronics-Mechanic Assembler III.** This labor category shall assemble, construct, test, repair and modify equipment and electronic components of telecommunications and related C-E systems. Minimum qualifications are:

(1) Associate's degree in Electronics, Engineering or related discipline.

(2) Two years experience in assembly, construction, testing, repair and modification of electrical, electronic machine or mechanical parts.

OR

(1) High school diploma or equivalent.

(2) Four years experience in assembly, construction, testing, repair and modification of electrical, electronic machine or mechanical parts.

o. **Electronics-Mechanic Assembler II.** This labor category shall assemble, construct, install, test and repair, equipment and telecommunications and related C-E systems. Minimum qualifications are:

(1) Associate's degree in Electronics, Engineering or related discipline.

OR

(1) High school diploma or equivalent.

(2) Two years of experience in assembly, construction, testing, repair and modification of electrical, electronic machine or mechanical parts using drawings, specific instructions or standard procedure.

p. **Electronics-Mechanic Assembler I.** This labor category shall assist with the assembling, integration and installation of equipment and telecommunications and related C-E systems. Minimum qualifications are:

(1) High school diploma.

(2) One year of experience in assembly of electrical, electronic machine or mechanical parts using drawings, specific instructions, or standard procedure.

q. **Electronics Technician IV.** This labor category shall apply advanced technology to solve complex problems regarding telecommunication and related C-E systems installation, integration, test and evaluation, troubleshooting, and repair. Minimum qualifications are:

(1) Associate's degree in Electronics Technology or engineering discipline.

(2) Six years of practical experience in electronics.

OR

(1) High school diploma plus U.S. Military Electronics school.

(2) Eight years of practical experience in electronics.

r. **Quality Assurance/Control Specialist.** This labor category shall provide support in evaluating quality assurance data provided and conduct analyses of telecommunications and related C-E systems. Minimum qualifications are:

(1) Associate's Degree in a field of electronics technology including specialized training in quality assurance/quality control programs.

(2) Four years of intensive quality assurance/quality control experience in telecommunications and related C-E systems.

s. **Designer.** This labor category provides overall drafting support for telecommunications and related C-E systems which involves originating, designing, preparing, and interpreting general designs and drawings. Minimum requirements are:

(1) Associate's Degree in a field of drafting.

(2) Four years of drafting experience in the mechanical or electronics field.

OR

(1) High school diploma or equivalent.

(2) Six years of drafting experience in the mechanical or electronics field.

t. **Drafter II.** This labor category shall provide drafting support. Minimum qualifications are:

(1) Associate's degree in a field of drafting.

(2) Two years of drafting experience in the mechanical or electronics field.

OR

(1) High school diploma or equivalent.

(2) Four years of drafting experience in the mechanical or electronics field.

u. **Drafter I.** This labor category shall provide drafting support. Minimum qualifications are:

(1) High school diploma or equivalent.

(2) One year of drafting experience.

v. **Technical Writer.** This labor category shall prepare, revise, and edit technical manuals and documents. Minimum qualifications are:

(1) Bachelor's degree in a field of English, Journalism, or Technical Writing.

(c) The effective period of the COR designation is the period of performance of this contract.

PGI 204.7108 PAYMENT INSTRUCTIONS

252.204-0012 OTHER

Payment needs to be based on projects not funding and/or ACRNs. Tracking by funding and/or ACRN only, the customer loses the visibility to the project which is needed due to multiple sponsors, PGI clauses 252.204-0001 thru 0011 cannot be applied, therefore use 0012 and pay from the CLIN/ACRN cited on the invoice. The contractor is advised on what CLINs/ACRNs to cite on the invoice.

5252.232-9104 ALLOTMENT OF FUNDS (JAN 2008)

(a) This contract is incrementally funded with respect to both cost and fee. The amount(s) presently available and allotted to this contract for payment of fee for incrementally funded contract line item number/contract subline item number (CLIN/SLIN), subject to the clause entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE FEE" (FAR 52.216-10), as appropriate, is specified below. As provided in the clause of this contract entitled "LIMITATION OF FUNDS" (FAR 52.232-22). the CLINs/SLINS covered thereby, and the period of performance for which it is estimated the allotted amount(s) will cover are as follows:

(b) the parties contemplate that the Government will allot additional amounts to this contract from time to time for the incrementally funded CLINs/SLINs by unilateral contract modification, and any such modification shall state separately the amount(s) allotted for cost, the amount(s) allotted for fee, the CLINs/SLINs covered thereby, and the period of performance which the amount(s) are expected to cover.

(c) CLINs/SLINs 4000, 4002, 4100, 4102, 4103, 4200, 4202, 6000, 6100, 6102, 6200, and 6201 are fully funded and performance under these CLINs/SLINs is subject to the clause of this contract entitled "LIMITATIONS OF COST" (FAR 52.232-20).

(d) The Contractor shall segregate costs for the performance of incrementally funded CLINs/SLINs from the costs of performance of fully funded CLINs/SLINs.

HQ G-2-0007 INVOICE INSTRUCTIONS (NAVSEA) (JAN 2008)

(a) In accordance with the clause of this contract entitled "ELECTRONIC SUBMISSION OF PAYMENT REQUESTS" (DFARS 252.232-7003), the Naval Sea Systems Command (NAVSEA) will utilize the DoD Wide Area Workflow Receipt and Acceptance (WAWF) system to accept supplies/services delivered under this contract. This web-based system located at <https://wawf.eb.mil> provides the technology for government contractors and authorized Department of Defense (DoD) personnel to generate, capture and process receipt and payment-related documentation in a paperless environment. Invoices for supplies/services rendered under this contract shall be submitted electronically through WAWF. Submission of hard copy DD250/invoices may no longer be accepted for payment.

(b) It is recommended that the person in your company designated as the Central Contractor Registration (CCR) Electronic Business (EB) Point of Contact and anyone responsible for the submission of invoices, use the online training system for WAWF at <http://wawftraining.com>. The Vendor, Group Administrator (GAM), and sections marked with an asterisk in the training system should be reviewed. Vendor Quick Reference Guides also are available at <http://acquisition.navy.mil/navyaos/content/view/full/3521/>. The most useful guides are "Getting Started for Vendors" and "WAWF Vendor Guide".

(c) The designated CCR EB point of contact is responsible for activating the company's CAGE code on WAWF by calling 1-866-618-5988. Once the company is activated, the CCR EB point of contact will self-register under the company's CAGE code on WAWF and follow the instructions for a group administrator. After the company is set-up on WAWF, any additional persons responsible for submitting invoices must self-register under the company's CAGE code at <https://wawf.eb.mil>.

(d) The contractor shall use the following document types, DODAAC codes and inspection and acceptance locations when submitting invoices in WAWF:

Type of Document (*contracting officer check all that apply*)

- Invoice (FFP Supply & Service)
- Invoice and Receiving Report Combo (FFP Supply)
- Invoice as 2-in-1 (FFP Service Only)
- Cost Voucher (Cost Reimbursable, T&M , LH, or FPI)
- Receiving Report (FFP, DD250 Only)

(f) The contractor shall submit invoices/cost vouchers for payment per contract terms and the government shall process invoices/cost vouchers for payment per contract terms. Contractors approved by DCAA for direct billing will submit cost vouchers directly to DFAS via WAWF. Final voucher submission will be approved by the ACO.

(g) The WAWF system has not yet been implemented on some Navy programs; therefore, upon written concurrence from the cognizant Procuring Contracting Officer, the Contractor is authorized to use DFAS's WInS for electronic end to end invoicing until the functionality of WInS has been incorporated into WAWF.

(h) If you have any questions regarding WAWF, please contact the WAWF helpdesk at the above 1-866 number or the NSWCCD WAWF point of contact at (301) 227-5419.

(End of Clause)

HQ B-2-0015 PAYMENTS OF FEE(S) (LEVEL OF EFFORT)(NAVSEA)(MAY 1993)

(a) For purposes of this contract, "fee" means "target fee" in cost-plus-incentive fee type contracts., "base fee" in cost-plus-award-fee type contracts, "fixed-fee" in cost-plus-fixed-fee type contracts for level of effort type contracts.

(b) The Government shall make payments to the Contractor, subject to and in accordance with the clause in this contract entitled "FIXED FEE" (FAR 52.216-8) or "INCENTIVE FEE" (FAR 52.216-10), as applicable. Such payments shall be equal to CLIN 4000 = ██████ CLIN 4100 = ██████, CLIN 4200 = ██████ CLIN 7000 = ██████ CLIN 7002 = ██████, CLIN 7003 = ██████ CLIN 7004 = ██████ CLIN 7100 = ██████, CLIN 7200 = ██████ CLIN 7202 = ██████ of the allowable cost of each invoice submitted by and payable to the Contractor pursuant to the clause of this contract entitled "ALLOWABLE COST AND PAYMENT" (FAR 52.216-7), subject to the withholding terms and conditions of the "FIXED FEE" or "INCENTIVE FEE" clause, as applicable (percentage of fee is based on fee dollars divided by estimated cost dollars, including facilities capital cost of money). Total fee(s) paid to the Contractor shall not exceed the fee amount(s) set forth in this contract.

(c) The fee(s) specified in SECTION B, and payment thereof, is subject to adjustment pursuant to paragraph (g) of the special contract requirement entitled "LEVEL OF EFFORT." If the fee(s) is reduced and the reduced fee(s) is less than the sum of all fee payments made to the Contractor under this contract, the Contractor shall repay the excess amount to the Government. If the final adjusted fee exceeds all payments made to the Contractor under this contract, the Contractor shall be paid the additional amount, subject to the availability of funds. In no event shall the Government be required to pay the Contractor any amount in excess of the funds obligated under this contract at the time of the discontinuance of work.

(d) Fee(s) withheld pursuant to the terms and conditions of this contract shall not be paid until the contract has been modified to reduce the fee(s) in accordance with the "LEVEL OF EFFORT" special contract requirement, or until the Procuring Contracting Officer has advised the paying office in writing that no fee adjustment is required.

SECTION H SPECIAL CONTRACT REQUIREMENTS

Note: All provisions and clauses of Section H of the Basic Seaport-e Multiple Award Contract apply to this task order, unless otherwise specified in this task order, in addition to the following:

H-1 Reserved

H-2 OPTION TO INCREASE CAPACITY WITHIN PERIOD OF PERFORMANCE

- (a) The task order includes an option, per each period of performance for an increase in capacity not to exceed ten percent (10%) of the total dollars of the Labor and ODC CLINs within the respective term. This option may be exercised at the Government's discretion, if the Government determines a need for an increase in the level of effort, to be provided by the contractor, due to increased program in-scope requirements.
- (b) The use of this option does not provide an extension to the length of time of the current term, nor shall the entire task order exceed 3 years in duration.
- (c) The Government may exercise an option for increased capacity within the period of performance without obligation to exercise succeeding year option(s).
- (d) The exercise of an option for increased capacity within the period of performance may be accomplished at anytime during task order performance, but not later than thirty (30) calendar days prior to the expiration of the task order.
- (e) The Government will be required to give the contractor a preliminary written notice of its intent to exercise the option for increased capacity within the period of performance. The Contractor shall be required to use the same hourly rates or Department of Labor hourly rates established for the current term.
- (f) An increased capacity option CLIN cannot exceed 10% of the CLIN it supports during the current term. If the Contractor anticipates acceleration of effort, greater than 10% during the current term, the Contractor shall provide notice in accordance with clause SEA 5252.216-9122 "Level of Effort", (Dec 2000) of the task order.

H-3 RESTRICTION ON THE DIRECT CHARGING OF MATERIAL NAVAIR 5252.242-9515 (Variation) (Dec 2010)

(a) During the performance of this task order it may be necessary for the contractor to procure material to immediately respond to system development requirements, system failures, and system operation requirements. All materials procured shall be in support of projects to be performed under this task order. This is a service contract and the procurement of material of any kind that are not incidental to and necessary for contract performance may be determined to be unallowable costs pursuant to FAR Part 31. The term "material" includes supplies, materials, parts, equipment, hardware, and Information Technology (IT) resources including equipment, services and software. Any material provided by the contractor is subject to the requirements of the Federal Acquisition Regulation (FAR), the Defense Federal Acquisition Regulation Supplement (DFARS), and the applicable Department of Navy regulations and instructions.

The costs of general purpose business expenses required for the conduct of the contractor's normal business operations will not be considered an allowable direct cost in the performance of the contract. General purpose business expenses include, but are not limited to, the cost for items such as telephones and telephone charges, reproduction machines, word processing equipment, personal computers and other office equipment and office supplies.

Only material included in the below List of Allowable Material may be procured under this task order. No material with a unit cost of \$250,000.00 or greater shall be procured under this task order. No procurement from a single source with a total value, that is the total sum of all items, of \$700,000.00 or greater may be procured under this task order.

(b) List of Allowable Materials:

Electronic Components and Materials:

Access Control Systems, Adapters, Amplifiers, Antennas, Antenna Positioners, Batteries, Cable, Cable Assemblies, Cable Management Material, CAC/Smart Card Readers, Capacitors, Charging Devices, Circuit Boards, Circuit Breakers, Cleaners, Coaxial Cable, Communications Special Enclosures, Computer Memory, Computer Peripherals, Conduit, Connectors, Connector Accessories, Connector Back Shells, Control Panels, Converters, Copiers, Cryptographic Equipment, Crystals, Data Controllers, Data Storage Devices, DC Power Supplies, Diodes, Diplexers, Duplexers, Electronic Fabrication and Installation Tools, Electronic Filters, Electronic Test Equipment, Encoders, Facsimile Machines, Fiber Optic Cable, Fiber Optic Connectors, Fiber Optic Patch Cords, Fuses, Generators, GPS Devices, Grounding Materials, Handsets, High altitude ElectroMagnetic Pulse (HEMP) Protection Devices, Hubs, Integrated Circuit (IC) Chips, Inductors, Inserts, Lamps/Bulbs, Label Maker and Materials, Laptop Personal Computers, Light Emitting Diodes (LEDs), Lightning Protection Materials, Measurement Devices, Microphones, Modems, Multiplexers, Network Bridges, Network Core Devices, Network Edge Devices, Networking Racks, Network Switches, Patch Cords, Personal Computers, Plotters, Printers, Printer Consumables, Power Distribution Units, Radios, Relays, Repair Materials, Resistors, RF Adapters, RF Digital and Analog Transceivers, Receivers, Repeaters, Routers, SATCOM Up-Converters and Down Converters, Scanners, Security Systems, Semi-Conductor Devices, Servers, Shredders, Signs, Speakers, Splices, Surge Protectors, Switches, Tablet Computers, Tool Bags, Telephones, TEMPEST Filtering Material and Devices, Terminals, Network Testers, Transceivers, Transistors, Transformers, Translators, Transmitters, Tuners, Uninterruptible Power Supplies, Vacuum Tubes, Video/Audio Telecommunication Control Devices, Video Cameras, Video Monitors, Voice Equipment, Voice over Internet Protocol (VoIP) Equipment, Wire, Wireless Network Devices and Components, Wireless Communication Devices and Components, Work Stations.

Hardware/Raw Manufacturing Material:

Bolts, Boxes, Brackets, Braces, Brads, Camera Mounts, C-E Cases, Chassis Slides, Conduits, Electrical Boxes, Electronic Equipment Cabinets, Electronic Equipment Chassis, Electronic Equipment Racks, End Fittings, Face Plates, Fasteners, Handles, Heat Shrink, Hinges, Interior/Exterior Mounts, Intermediate Distribution Frames, Main Distribution Frames, Nuts, Pan-Tilt-Zoom mounts, Rivets, Rivnuts, Screws, Washers.

Software:

For Department of Defense (DoD) users: All software, software support, or software maintenance must be procured through the Enterprise Software Initiative (ESI) or receive a waiver in accordance with DFARS PGI 208.7403.

For non-DoD users: Software Licenses, Word Processors, Spreadsheets, Database Managers, Utilities, Operating Systems, Graphics and Presentation Packages, Mail Systems, Network Handlers, Communications Packages, Customized Software, Communications Modeling Packages, Analysis Software, Productivity Software, and other Miscellaneous Software in accordance with Statement of Work paragraphs 3.1 through 3.10.

Vehicle Fabrication/Integration Material:

Chassis, Chassis Components, Drive Trains, Power Systems, Environmental Conditioning Units, Vehicle Bodies, Vehicle Engines, and Automobile/Vehicular Accessories.

Miscellaneous Material:

BGAN Services, Binders, Chemicals, Cooling, Heating and Ventilating Equipment Components, Data Center Floor Coverings, Data Storage Media, Deliverable/Documentation Consumables, De-Greaser, Dividers, Electronic Component Cleaning Materials, Fabric, Fabrication Materials, Fiberglass, Foam Inserts, Insulation, Metal Stock, Paint, Personal Protective Equipment (PPE), Plastic Stock, Rubber, Security Enclosures/Safes, Security/Safety Equipment, Shipping/Freight Supplies, Soldering Supplies, Specialty Clothing.

(c) In addition to COR and/or Contracting Officer approvals listed below, IT resources may not be procured unless the approvals required by Department of Defense purchasing procedures have been obtained. IT resources are defined as any equipment and or interconnected system and/or subsystem of equipment used in

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 182 of 224	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

the automatic acquisition, storage, manipulation, management, movement, control, display, switching, interchange, transmission, or reception of data information. IT resources include personal computers, laptops, printers, software, servers, hubs, routers, phones, facsimile machines and any related maintenance, telecommunications, training, or other support services.

For DoD programs: To obtain IT approval, the government shall prepare an IT Certification Letter (in accordance with the most current Navy Information Dominance Approval System (NAV-IDAS) guidance) with a complete list of items to be obtained. The IT Certification Letter shall be provided to the Division designated IT point of contact for approval through the NAV-IDAS. The IT approval shall be provided to the COR prior to procurement.

For non-DoD programs: To obtain IT approval, the contractor shall prepare an IT Certification Letter (Appendix 4 - Non-Navy IT Compliance Certification Form) and an IT Spend Plan comprising a complete list of IT items approved by the Program Sponsor for procurement. The IT Certification Letter shall be provided to the Division designated IT point of contact for approval through the NAVAIR Chief Information Officer process. This letter shall remain in effect for a period of one year after the date of issuance and the letter may be cited as approval to procure any items listed therein that also comply with paragraph (b), List of Allowable Materials. Any items not listed in the IT Spend Plan shall be submitted separately for approval through the NAVAIR CIO process. The IT approval shall be provided to the COR prior to procurement.

(d) Prior written approval from the COR and/or Contracting Officer shall be required for all purchases of material (IT resources or non-IT resources) as listed below. Requests for approval shall include a list of the material to be procured, an explanation of the need for the material, IT approval (if applicable), a listing of quotes received, the reason for the selected source, and the determination of price reasonableness. If the procurement is sole sourced to a particular supplier or piece of equipment include the rationale for limiting the procurement to that supplier or piece of equipment.

For procurement from a single source with a total value, that is total sum of all items, \$3,000.00 and below no COR or Contracting Officer approval is required.

For procurement from a single source with a total value between \$3,000.01 and \$150,000.00 COR approval is required.

For procurement from a single source with a total value greater than \$150,000.00 COR and Contracting Officer approval is required. If the COR approves the request, the COR shall provide the request for approval to the Contracting Officer. The Contracting Officer shall provide notification of disapproval or approval to the COR and Contractor.

H-4 MAXIMUM ALLOWABLE INDIRECT RATES

This is a cost-reimbursable (labor only) task order. The Contractor, Smartronix, Inc. has proposed a set of capped indirect rates for labor costs (only) that are allowable, allocable, and reimbursable under this task order.

The indirect costs to be applied to all contractor labor shall be either the DCAA approved rates or a composite [REDACTED] - Contractor Site Overhead and [REDACTED] Government Site Overhead, whichever is less, from contract award to 31 December 2015. From 01 January 2016, the indirect costs to be applied to all contractor labor shall be either the DCAA approved rates or a composite [REDACTED] Contractor Site Overhead and [REDACTED] Government Site Overhead, whichever is less.

The contractor will invoice and be paid in accordance with FAR 52-216-7, Allowable Cost and Payment, however, notwithstanding FAR 52.216-7(b) (3) & (d) the contractor has agreed not to exceed the maximum allowable composite rate stated above.

This agreement is in effect for the entire period of performance defined by this task order.

5252.209-9510 ORGANIZATIONAL CONFLICTS OF INTEREST (NAVAIR) (SERVICES)(MAR 2007)

(a) Purpose. This clause seeks to ensure that the contractor (1) does not obtain an unfair competitive advantage over other parties by virtue of its performance of this contract, and (2) is not biased because of its current or planned interests (financial, contractual, organizational or otherwise) that relate to the work under this contract.

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 183 of 224	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(b) Scope. The restrictions described herein shall apply to performance or participation by the contractor (as defined in paragraph (d)(7)) in the activities covered by this clause.

(1) The restrictions set forth in paragraph (e) apply to supplies, services, and other performance rendered with respect to the suppliers and/or equipment listed in Attachment 9. The contract will specify to which suppliers and/or equipment subparagraph (f) restrictions apply.

(2) The financial, contractual, organizational and other interests of contractor personnel performing work under this contract shall be deemed to be the interests of the contractor for the purposes of determining the existence of an Organizational Conflict of Interest. Any subcontractor that performs any work relative to this contract shall be subject to this clause. The contractor agrees to place in each subcontract affected by these provisions the necessary language contained in this clause.

(c) Waiver. Any request for waiver of the provisions of this clause shall be submitted in writing to the Procuring Contracting Officer. The request for waiver shall set forth all relevant factors including proposed contractual safeguards or job procedures to mitigate conflicting roles that might produce an Organizational Conflict of Interest. No waiver shall be granted by the Government with respect to prohibitions pursuant to access to proprietary data.

(d) Definitions. For purposes of application of this clause only, the following definitions are applicable:

(1) "System" includes system, major component, subassembly or subsystem, project, or item.

(2) "Nondevelopmental items" as defined in FAR 2.101.

(3) "Systems Engineering" (SE) includes, but is not limited to, the activities in FAR 9.505-1(b).

(4) "Technical direction" (TD) includes, but is not limited to, the activities in FAR 9.505-1(b).

(5) "Advisory and Assistance Services" (AAS) as defined in FAR 2.101.

(6) "Consultant services" as defined in FAR 31.205-33(a).

(7) "Contractor", for the purposes of this clause, means the firm signing this contract, its subsidiaries and affiliates, joint ventures involving the firm, any entity with which the firm may hereafter merge or affiliate, and any other successor or assignee of the firm.

(8) "Affiliates," means officers or employees of the prime contractor and first tier subcontractors involved in the program and technical decision-making process concerning this contract.

(9) "Interest" means organizational or financial interest.

(10) "Weapons system supplier" means any prime contractor or first tier subcontractor engaged in, or having a known prospective interest in the development, production or analysis of any of the weapon systems, as well as any major component or subassembly of such system.

(e) Contracting restrictions.

[] (1) To the extent the contractor provides systems engineering and/or technical direction for a system or commodity but does not have overall contractual responsibility for the development, the integration, assembly and checkout (IAC) or the production of the system, the contractor shall not (i) be awarded a contract to supply the system or any of its major components or (ii) be a subcontractor or consultant to a supplier of the system or of its major components. The contractor agrees that it will not supply to the Department of Defense (either as a prime contractor or as a subcontractor) or act as consultant to a supplier of, any system, subsystem, or major component utilized for or in connection with any item or other matter that is (directly or indirectly) the subject of the systems engineering and/or technical direction or other services performed under this contract for a period of three (3) years after the date of completion of the contract. (FAR 9.505-1(a))

[X] (2) To the extent the contractor prepares and furnishes complete specifications covering nondevelopmental items to be used in a competitive acquisition, the contractor shall not be allowed to furnish these items either as a prime contractor or subcontractor. This rule applies to the initial production contract, for such items plus a specified time period or event. The contractor agrees to prepare complete specifications covering non-developmental items to be

used in competitive acquisitions, and the contractor agrees not to be a supplier to the Department of Defense, subcontract supplier, or a consultant to a supplier of any system or subsystem for which complete specifications were prepared hereunder. The prohibition relative to being a supplier, a subcontract supplier, or a consultant to a supplier of these systems of their subsystems extends for a period of three (3) years after the terms of this contract. (FAR 9.505-2(a)(1))

[X] (3) To the extent the contractor prepares or assists in preparing a statement of work to be used in competitively acquiring a system or services or provides material leading directly, predictably and without delay to such a work statement, the contractor may not supply the system, major components thereof or the services unless the contractor is the sole source, or a participant in the design or development work, or more than one contractor has been involved in preparation of the work statement. The contractor agrees to prepare, support the preparation of or provide material leading directly, predictably and without delay to a work statement to be used in competitive acquisitions, and the contractor agrees not to be a supplier or consultant to a supplier of any services, systems or subsystems for which the contractor participated in preparing the work statement. The prohibition relative to being a supplier, a subcontract supplier, or a consultant to a supplier of any services, systems or subsystems extends for a period of three (3) years after the terms of this contract. (FAR 9.505-2(b)(1))

[X] (4) To the extent work to be performed under this contract requires evaluation of offers for products or services, a contract will not be awarded to a contractor that will evaluate its own offers for products or services, or those of a competitor, without proper safeguards to ensure objectivity to protect the Government's interests. Contractor agrees to the terms and conditions set forth in the Statement of Work that are established to ensure objectivity to protect the Government's interests. (FAR 9.505-3)

[X] (5) To the extent work to be performed under this contract requires access to proprietary data of other companies, the contractor must enter into agreements with such other companies which set forth procedures deemed adequate by those companies (i) to protect such data from unauthorized use or disclosure so long as it remains proprietary and (ii) to refrain from using the information for any other purpose other than that for which it was furnished. Evidence of such agreement(s) must be made available to the Procuring Contracting Officer upon request. The contractor shall restrict access to proprietary information to the minimum number of employees necessary for performance of this contract. Further, the contractor agrees that it will not utilize proprietary data obtained from such other companies in preparing proposals (solicited or unsolicited) to perform additional services or studies for the United States Government. The contractor agrees to execute agreements with companies furnishing proprietary data in connection with work performed under this contract, obligating the contractor to protect such data from unauthorized use or disclosure so long as such data remains proprietary, and to furnish copies of such agreement to the Contracting Officer. Contractor further agrees that such proprietary data shall not be used in performing for the Department of Defense additional work in the same field as work performed under this contract if such additional work is procured competitively. (FAR 9.505)

[X] (6) Preparation of Statements of Work or Specifications. If the contractor under this contract assists substantially in the preparation of a statement of work or specifications, the contractor shall be ineligible to perform or participate in any capacity in any contractual effort (solicited or unsolicited) that is based on such statement of work or specifications. The contractor shall not incorporate its products or services in such statement of work or specifications unless so directed in writing by the Contracting Officer, in which case the restrictions in this subparagraph shall not apply. Contractor agrees that it will not supply to the Department of Defense (either as a prime contractor or as a subcontractor) or act as consultant to a supplier of, any system, subsystem or major component utilized for or in connection with any item or work statement prepared or other services performed or materials delivered under this contract, and is procured on a competitive basis, by the Department of Defense with three (3) years after completion of work under this contract. The provisions of this clause shall not apply to any system, subsystem, or major component for which the contractor is the sole source of supply or which it participated in designing or developing. (FAR 9.505-4(b))

[] (7) Advisory and Assistance Services (AAS). If the contractor provides AAS services as defined in paragraph (d) of this clause, it shall be ineligible thereafter to participate in any capacity in Government contractual efforts (solicited or unsolicited) which stem directly from such work, and the contractor agrees not to perform similar work for prospective offerors with respect to any such contractual efforts. Furthermore, unless so directed in writing by the Contracting Officer, the contractor shall not perform any such work under this contract on any of its products or services, or the products or services of another firm for which the contractor performs similar work. Nothing in this subparagraph shall preclude the contractor from competing for follow-on contracts for AAS.

(f) Remedies. In the event the contractor fails to comply with the provisions of this clause, such noncompliance shall be deemed a material breach of the provisions of this contract. If such noncompliance is the result of conflicting financial interest involving contractor personnel performing work under this contract, the Government may require the contractor to remove such personnel from performance of work under this contract. Further, the Government may elect to exercise its right to terminate for default in the event of such noncompliance. Nothing herein shall prevent the Government from electing any other appropriate remedies afforded by other provisions of this contract, or statute or regulation.

(g) Disclosure of Potential Conflicts of Interest. The contractor recognizes that during the term of this contract, conditions may change which may give rise to the appearance of a new conflict of interest. In such an event, the contractor shall disclose to the Government information concerning the new conflict of interest. The contractor shall provide, as a minimum, the following information:

- (1) a description of the new conflict of interest (e.g., additional weapons systems supplier(s), corporate restructuring, new first-tier subcontractor(s), new contract) and identity of parties involved;
- (2) a description of the work to be performed;
- (3) the dollar amount;
- (4) the period of performance; and
- (5) a description of the contractor's internal controls and planned actions, to avoid any potential organizational conflict of interest.

5252.211-9502 GOVERNMENT INSTALLATION WORK SCHEDULE (NAVAIR) (OCT 2005)

(a) The Holidays applicable to this contract are: New Year's Day, Martin Luther King's Birthday, President's Birthday, Memorial Day, Independence Day, Labor Day, Columbus Day, Veteran's Day, Thanksgiving Day, and Christmas Day.

(b) In the event that the contractor is prevented from performance as the result of an Executive Order or an administrative leave determination that applies to the using activity, such time may be charged to the contract as a direct cost provided such charges are consistent with the contractor's accounting practices. In the event that any of the above holidays occur on a Saturday or Sunday, then such holiday shall be observed as they are by the assigned Government employees at the using activity.

5252.242-9502 TECHNICAL DIRECTION (NAVAIR) (MAY 2011)

(a) Definition. Technical Direction Letters (TDLs) are a means of communication between the Contracting Officer's Representative (COR) or Task Order Manager (TOM), and the contractor to answer technical questions, provide technical clarification, and give technical direction regarding the content of the Statement of Work (SOW) of a Contract, Order, or Agreement; herein after referred to as contract.

(i) "Technical Direction" means "clarification of contractual requirements or direction of a technical nature, within the context of the SOW of the contract."

(b) Scope. The Defense Federal Acquisition Regulation Supplement (DFARS) 201.602-2 states that the Contracting Officer may designate qualified personnel as a COR. In this capacity, the COR or TOM may provide Technical Direction to the contractor, so long as the Technical Direction does not make any commitment or change that affects price, quality, quantity, delivery, or other terms and conditions of the contract. This Technical Direction

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 186 of 224	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

shall be provided consistent with the limitations specified below.

(c) Limitations. When necessary, Technical Direction concerning details of requirements set forth in the contract, shall be given through issuance of TDLs prepared by the COR or TOM subject to the following limitations.

(i) The TDL, and any subsequent amendments to the TDL, shall be in writing and signed by both the COR or TOM, and the Contracting Officer prior to issuance of the TDL to the contractor. Written TDLs are the only medium permitted for use when technical direction communication is required. Any other means of communication (including such things as Contractor Service Request Letters, Authorization Letters, or Material Budget Letters) are not permissible means of communicating technical direction during contract performance.

(ii) In the event of an urgent situation, the COR/TOM may issue the TDL directly to the contractor prior to obtaining the Contracting Officer's signature.

(iii) Each TDL issued is subject to the terms and conditions of the contract and shall not be used to assign new work, direct a change to the quality or quantity of supplies and/or services delivered, change the delivery date(s) or period of performance of the contract, or change any other conditions of the contract. TDLs shall only provide additional clarification and direction regarding technical issues. In the event of a conflict between a TDL and the contract, the contract shall take precedence.

(iv) Issuance of TDLs shall not incur an increase or decrease to the contract price, estimated contract amount (including fee), or contract funding, as applicable. Additionally, TDLs shall not provide clarification or direction of a technical nature that would require the use of existing funds on the contract beyond the period of performance or delivery date for which the funds were obligated.

(v) TDLs shall provide specific Technical Direction to the contractor only for work specified in the SOW and previously negotiated in the contract. TDLs shall not require new contract deliverables that may cause the contractor to incur additional costs.

(vi) When, in the opinion of the contractor, a TDL calls for effort outside the terms and conditions of the contract or available funding, the contractor shall notify the Contracting Officer in writing, with a copy to the COR or TOM, within two (2) working days of having received the Technical Direction. The contractor shall undertake no performance to comply with the TDL until the matter has been resolved by the Contracting Officer through a contract modification or other appropriate action.

(vii) If the contractor undertakes work associated with a TDL that is considered to be outside the scope of the contract, the contractor does so at its own risk and is not subject to recover any costs and fee or profit associated with the scope of effort.

952.222-0001 PROHIBITION AGAINST HUMAN TRAFFICKING, INHUMANE LIVING CONDITIONS, AND WITHHOLDING OF EMPLOYEE PASSPORTS (AUG 2011)

(a) All contractors ("contractors" refers to both prime contractors and all subcontractors at all tiers) are reminded of the prohibition contained in Title 18, United States Code, Section 1592, against knowingly destroying, concealing, removing, confiscating, or possessing any actual or purported passport or other immigration document, or any other actual or purported government identification document, of another person, to prevent or restrict or to attempt to prevent or restrict, without lawful authority, the person's liberty to move or travel, in order to maintain the labor or services of that person.

(b) Contractors are also required to comply with the following provisions:

(1) Contractors shall only hold employee passports and other identification documents discussed above for the shortest period of time reasonable for administrative processing purposes.

(2) Contractors shall provide all employees with a signed copy of their employment contract, in English as well as the employee's native language that defines the terms of their employment/compensation.

(3) Contractors shall not utilize unlicensed recruiting firms or firms that charge illegal recruiting fees.

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 187 of 224	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(4) Contractors shall be required to provide adequate living conditions (sanitation, health, safety, living space) for their employees. Fifty square feet is the minimum acceptable square footage of personal living space per employee. Upon contractor's written request, Contracting Officers may grant a waiver in writing in cases where the existing square footage is within 20% of the minimum, and the overall conditions are determined by the Contracting Officer to be acceptable. A copy of the waiver approval shall be maintained at the respective life support area.

(5) Contractors shall incorporate checks of life support areas to ensure compliance with the requirements of this Trafficking in Persons Prohibition into their Quality Control program, which will be reviewed within the Government's Quality Assurance process.

(6) Contractors shall comply with International and Host Nation laws regarding transit/exit/entry procedures and the requirements for visas and work permits.

(c) Contractors have an affirmative duty to advise the Contracting Officer if they learn of their employees violating the human trafficking and inhumane living conditions provisions contained herein. Contractors are advised that Contracting Officers and/or their representatives will conduct random checks to ensure contractors and subcontractors at all tiers are adhering to the law on human trafficking, humane living conditions and withholding of passports.

(d) The contractor agrees to incorporate the substance of this clause, including this paragraph, in all subcontracts under his contract.

(a) The Contractor shall comply with, and shall ensure that its employees and its subcontractors and their employees, at all tiers, are aware of and obey all U.S. and Host Nation laws, Federal or DoD regulations, and US Central Command orders and directives as applicable to personnel in Iraq and Afghanistan, including but not limited to USCENTCOM, Multi-National Force and Multi-National Corps or Chief of Mission operations and fragmentary orders, instructions, policies and directives.

(b) Contractor employees shall particularly note all laws, regulations, policies, and orders restricting authority to carry firearms, rules for the use of force, and prohibiting sexual or aggravated assault.

(1) Afghanistan – Contractor employees are subject to General Orders Number 1, as modified from time to time, including without limitation, their prohibition on privately owned firearms, alcohol, drugs, war souvenirs, pornography and photographing detainees, human casualties or military security measures.

(2) Iraq – Contractor employees are not subject to General Order 1. Contractor employees will follow the policies or directives of the Office of Security Cooperation-Iraq (OSC-I) Installation Managers or Chief of Mission policies and directives regarding consumption of alcohol or any prohibited items for sites that they are assigned.

(c) Contractor employees may be ordered removed from the US Embassy, Chief of Mission sites, OSC-I sites, secure military installations or the theater of operations by order of the Chief of Mission (Iraq) or senior military commander of the battle space (Afghanistan) for acts that disrupt good order and discipline or violate applicable laws, regulations, orders, instructions, policies, or directives. Contractors shall immediately comply with any such order to remove its contractor employee.

(d) Contractor employees performing in Iraq or the USCENTCOM Area of Responsibility (AOR) may be subject to the jurisdiction of overlapping criminal codes, including, but not limited to, the Military Extraterritorial Jurisdiction Act (18 U.S.C. Sec. 3261, et al) (MEJA), the Uniform Code of Military Justice (10 U.S.C. Sec. 801, et al)(UCMJ), and the laws of the Host Nation. Non-US citizens may also be subject to the laws of their home country while performing in Iraq or the USCENTCOM AOR. Contractor employee status in these overlapping criminal jurisdictions may be modified from time to time by the United States, the Host Nation, or by applicable status of forces agreements.

(e) Under MEJA, a person who engages in felony misconduct outside the United States while employed by or accompanying the Armed Forces is subject to arrest, removal and prosecution in United States federal courts. Under the UCMJ, a person serving with or accompanying the Armed Forces in the field during a declared war or contingency operation may be disciplined for a criminal offense, including by referral of charges to a General Court Martial. Contractor employees may be ordered into confinement or placed under conditions that restrict movement in Iraq or within the AOR or administratively attached to a military command pending resolution of a criminal investigation.

(f) Contractors shall immediately notify the BDOC (Iraq) or military law enforcement (Afghanistan) and the Contracting Officer if they suspect an employee has committed an offense. Contractors shall take any and all reasonable and necessary measures to secure the presence of an employee suspected of a serious felony offense. Contractors shall not knowingly facilitate the departure of an employee suspected of a serious felony offense or violating the Rules for the Use of Force to depart Iraq or Afghanistan without approval from the Chief of Mission (Iraq) or the senior U.S. commander (Afghanistan).

952.225-0009 MEDICAL SCREENING AND VACCINATION REQUIREMENTS FOR CONTRACTOR EMPLOYEES OPERATING IN THE CENTCOM AREA OF RESPONSIBILITY (AOR) (DEC 2011)

(a) Contractors and subcontractors at any tier shall ensure and provide satisfactory evidence that all locally hired employees, including Local National (LN), Third Country National (TCN), and U.S. employees, working on bases have been screened for and do not currently have active tuberculosis (TB).

(1) Contractors may initially utilize a testing method of either a chest x-ray or TB skin test (TST), depending on the originating country of a contracted employee.

(i) Chest x-rays (CXR's), symptom survey, and Body Mass Index (BMI) shall be taken, and TSTs administered within 12 months prior to the start of deployment/employment. Contractors are required to bring in a physical copy of the pre-employment CXR film as it is the only way to verify interval changes should an active case of TB occur.

(A) Third Country Nationals (TCNs) and Local Nationals (LNs) cannot be screened with the TST. They need the pre-employment screening with a quality CXR, BMI and symptom survey.

(B) Small-Risk Nationals (SRNs), those with less than 25 TB cases per 100,000 persons annually (mostly expats from Europe and US), can be screened via the TST.

(ii) Annual re-screening for TCNs, and LNs will be performed with a CXR conducted by the Contractor's medical provider or local economy provider who will look for interval changes from prior CXR's and review any changes in the symptom survey.

(iii) SRN's do not require annual TB re-screening. However, for a TB contact investigation, a TST or Interferon Gamma Release Assay (IGRA) is required.

(iv) For a contact investigation, all personnel with a positive TST or IGRA will be evaluated for potential active TB with a symptom screen, exposure history, BMI, and CXR. All cases of suspected or confirmed active TB must be reported to the theater Preventive Medicine (PM) physician and/or TB Consultant as soon as possible. TB reporting is required within 24 hours to the PM POC. Contact tracing, and medical coding have specific requirements. All Small-Risk National (SRN) contract personnel are required to be MEDEVAC'd out of theater, at the contractor's expense, for treatment of active TB, after consultation with the Theater PM or TB Consultant. For SRN personnel, the contractor is responsible for management and compliance with all prescribed public health actions.

(v) Screening may be performed either by a licensed medical provider from the local economy or by the contractors'

licensed medical staffs. Contractors shall maintain medical screening documentation and make it available to the Contracting Officer upon request.

(2) TB screening and documentation is a requirement prior to receiving badges to work in the CENTCOM Area of Operations. A copy of the TB screening documentation shall be provided to the responsible Base Operations Center prior to issuance of base access badges.

(b) Contractor employees, including subcontractors at any tier, who work in food service positions and/or water and ice production facilities, shall have current Typhoid and Hepatitis "A" (full series) immunizations in accordance with the Centers for Disease Control and Prevention guidelines (e.g. typhoid vaccination booster is required every 2 years), in addition to the required TB tests. The contractor medical provider must complete a pre-placement examination to include a stool sample test for ova and parasites, and annual medical screening form or equivalent for food service, ice and water production workers.

(c) Proof of individual employee vaccinations shall be provided to the Contracting Officer and COR showing that their employees and their subcontractor employees at any tier have received the above vaccinations. The contractor shall maintain their employees' vaccination records for examination by the Contracting Officer. The contractor shall ensure that their subcontractors at any tier maintain their respective employees' vaccination records for examination by the Contracting Officer.

(d) The contractor is responsible for management and compliance with all prescribed public health actions regarding TB in the contracted personnel. The contractor also bears the responsibility of ensuring that adequate health management for TB (screening/diagnosis/treatment/isolation) is available at the contractor's chosen health care provider for their contracted and subcontracted personnel.

NOTE: Contractors are reminded of the requirement to comply with their contract and all regulatory guidance (DoD Instructions/Regulations, Federal Acquisition Regulation as Supplemented, and FRAGO's) as applicable regarding Medical Screening and Vaccination Requirements.

(End of Clause)

952.225-0010 FITNESS FOR DUTY AND MEDICAL/DENTAL CARE LIMITATIONS (IRAQ) (DEC 2011)

(a) The contractor shall perform the requirements of this contract notwithstanding the fitness for duty of deployed employees, the provisions for care offered under this section, and redeployment of individuals determined to be unfit. Contractor personnel who deploy for multiple tours, for more than 12 months total must be re-evaluated for fitness to deploy. An examination will remain valid for 15 months from the date of the physical. The contractor bears the responsibility for ensuring all employees are aware of the conditions and medical treatment available at the performance location. The contractor shall include this information and requirement in all subcontracts with performance in the theater of operations.

(b) The contractor shall not deploy an individual with any of the following conditions unless approved by the appropriate Service Component (i.e. ARCENT, AFCENT, etc.) Surgeon: Conditions which prevent the wear of personal protective equipment, including protective mask, ballistic helmet, body armor, and chemical/biological protective garments; conditions which prohibit required theater immunizations or medications; conditions or current medical treatment or medications that contraindicate or preclude the use of chemical and biological protective's and antidotes; diabetes mellitus, Type I or II, on pharmacological therapy; symptomatic coronary artery disease, or with myocardial infarction within one year prior to deployment, or within six months of coronary artery bypass graft, coronary artery angioplasty, or stenting; morbid obesity (BMI \geq 40%); dysrhythmias or arrhythmias, either symptomatic or requiring medical or electrophysiological control; uncontrolled hypertension, current heart failure, or automatic implantable defibrillator; therapeutic anticoagulation; malignancy, newly diagnosed or under current treatment, or recently diagnosed/treated and requiring frequent subspecialist surveillance, examination, and/or laboratory testing; dental or oral conditions requiring or likely to require urgent dental care within six months' time, active orthodontic care, conditions requiring prosthodontic care, conditions with immediate restorative dentistry needs, conditions with a current requirement for oral-maxillofacial surgery; new onset (< 1 year) seizure disorder, or seizure within one year prior to deployment; history of heat stroke; Meniere's Disease or C-other vertiginous/motion sickness disorder, unless well controlled on medications available in theater; recurrent syncope, ataxias, new diagnosis (< 1 year) of mood disorder, thought disorder, anxiety, somatoform, or dissociative disorder,

(c) In accordance with military directives (DoDI 3020.41, DoDI 6000.11, CFC FRAGO 09-1038, DoD Federal Acquisition Regulation Supplement (DFARS) PGI 225.74), resuscitative care and stabilization, in advance of evacuation from theater, will be provided including hospitalization at Level II+ (emergency) contracted treatment facilities and assistance with patient movement in emergencies where loss of life, limb or eyesight could occur. Hospitalization will be limited to emergency stabilization and short-term medical treatment with an emphasis on return to duty or evacuation from the theater if return to duty is not expected to occur within 72 hours. Medical evacuation is the responsibility of the contracting company and must be arranged in a timely manner if requested by the medical staff. Subject to availability at the time of need, a medical treatment facility may provide reimbursable treatment for emergency medical or dental care such as broken bones, lacerations, broken teeth or lost fillings.

(d) Routine and basic medical care are authorized. Pharmaceutical services are not authorized for or known, routine prescription drug needs of the individual. Routine dental care, examinations and cleanings are not authorized.

(e) Notwithstanding any other provision of the contract, the contractor shall be liable for any and all medically-related services or transportation rendered. To view reimbursement rates that will be charged for services at all DoD deployed medical facilities or Embassy contracted medical facilities please go to the following website: <http://comptroller.defense.gov/rates/fy2012.html> (change fiscal year as applicable).

SPECIAL NOTE - US Embassy Afghanistan Life Support: The type and amount of support that the U.S. Embassy Mission in Kabul, Afghanistan, provides to contractors, if any, must be coordinated in advance between the U.S. Mission and the contracting agency in accordance with Department of State Foreign Affairs Handbook, 2-FAH-2. Contractors are not authorized to deploy personnel requiring US Mission support prior to receiving clearance from the contracting officer.

952.225-0013 - CONTRACTOR HEALTH AND SAFETY (DEC 2011)

(a) Contractors shall comply with National Electrical Code (NEC) 2008 for repairs and upgrades to existing construction and NEC 2011 standards shall apply for new construction, contract specifications, and MIL

Standards/Regulations. All infrastructure to include, but not limited to, living quarters, showers, and restrooms shall be installed and maintained in compliance with these standards and must be properly supported and staffed to ensure perpetual Code compliance, prevent hazards and to quickly correct any hazards to maximize safety of those who use or work at the infrastructure.

(b) For existing employee living quarters the contractor shall provide maintenance, conduct repairs, and perform upgrades in compliance with NEC 2008 standards. For new employee living quarters, the contractor shall provide maintenance, conduct repairs, and make upgrades in compliance with NEC 2011 standards. The government has the authority to enter and inspect contractor employee living quarters at any time to ensure the prime contractor is complying with safety compliance standards.

(c) The contractor shall correct all deficiencies within a reasonable amount of time of becoming aware of the deficiency either by notice from the government or a third party, or by self discovery of the deficiency by the contractor. Further guidance can be found on:

952.225-0016 – CONTRACTOR DEMOBILIZATION (AFGHANISTAN) (AUG 2011)

(a) Full demobilization of contractors and subcontractor(s) in the Afghanistan Combined Joint Operations Area (CJOA) is critical to responsible drawdown. The prime contractor is required to submit a demobilization plan to the Contracting Officer a minimum of 120 days prior to the end of the contract performance period or when requested by the Contracting Officer. The demobilization plan shall address, as a minimum, the following procedures detailed below. The procedures outline specific guidance to ensure a timely and responsible exit from theater. Prime contractors are responsible and accountable to ensure their subcontractor(s) at all tiers comply with responsible and timely exit from theater immediately following contract performance completion or termination.

(1) Exit from Afghanistan: The prime contractor is responsible to remain cognizant of Afghan laws regarding exit from Afghanistan. Currently, all foreigners traveling out of Afghanistan airports via commercial air transportation must have exit visas. Department of Defense, U.S. Forces-Afghanistan, Letters of Authorization (LOAs), and/or Embassy Badges are not accepted means of exiting Afghanistan. All U.S. citizens and foreign national contractors exiting via commercial means must obtain an Afghanistan exit sticker before departing the country. The exit sticker may be obtained from Ministry of Interior (MOI) office. It is the prime contractor's responsibility to ensure that the most recent exit procedures are followed and to ensure that subcontractor(s) at all tiers are in compliance with exit procedures. It is to the responsibility of the contractor to work with the Embassy of Afghanistan or Afghanistan MOI as required.

(2) Letter of Authorization (LOA): The prime contractor is responsible for demobilizing its workforce, including subcontractor employees at all tiers, and all contractor owned and subcontractor owned equipment out of theater as part of the prime contractor's exit strategy. This exit strategy must include reasonable timeframes starting with the end of the contract performance period and not exceeding 30 days. The Contracting Officer has the authority to extend selected LOAs up to, but not exceeding 30 calendar days after the contract completion date to allow the prime contractor to complete demobilization of its workforce and contractor owned equipment, as well as subcontractor(s) workforce and owned equipment, out of the Afghanistan CJOA. The prime contractor shall notify the Contracting Officer a minimum of 30 days prior to the end of the contract period to request up to a 30-day extension of selected LOAs beyond the contract completion date to complete demobilization. The request shall include at a minimum:

(i) the name of each individual requiring a new LOA;

(ii) the number of days for the LOA (no more than 30 calendar days); and

(iii) justification for the request (e.g., what function the individual(s) will be performing during the demobilization period).

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 195 of 224	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

The Contracting Officer may request additional information for an LOA extension. Any LOA extension granted beyond the contract completion date shall not exceed 30 days and the contractor is not entitled to additional compensation for this period. If approved by the Contracting Officer, this is a no cost extension of an employee's LOA due to demobilization and in no way is an extension of the contract performance period.

(3) **Badging:** The prime contractor is responsible to ensure all employee badges, including subcontractor employees at all tiers, are returned to the local Access Control Badging Office for de-activation and destruction. The prime contractor shall submit a Badge Termination Report to ensure each record is flagged and the badge is revoked. If a prime and/or subcontractor employee's badge is not returned, the prime contractor shall submit a Lost, Stolen or Unrecovered Badge Report to the appropriate Access Control Badging Office. Contractor employees in possession of a Common Access Card (CAC) shall be responsible for turning in the CAC upon re-deployment through a CONUS Replacement Center in the U.S. Failure to return employee badges in a timely manner may result in delay of final payment.

(4) **Contractor Controlled Facility Space:** If the prime contractor has entered into a Memorandum of Understanding with the Installation Mayor or Garrison for site space, buildings, facilities, and/or Containerized Housing Units (CHU) to house prime and/or subcontractor employees (at all tiers), the prime contractor is responsible to notify the Installation Mayor or Garrison Commander of intent to vacate at least 90 calendar days prior to the end of the contract performance period. All United States Government (USG) provided property in the prime contractor's possession must be returned to the USG in satisfactory condition. The prime contractor is responsible and liable for any and all damages to USG property caused by prime and/or subcontractor employees, and shall be further liable for all cleanup, clearing, and/or environmental remediation expenses incurred by the USG in returning prime contractor and/or subcontractor facilities including surrounding site to a satisfactory condition, including expenses incurred in physically moving property, trash, and refuse from such premises, removing/remediating hazardous wastes on the premises, and repairing structures, buildings, and facilities used by the prime contractor and/or subcontractor. The prime contractor shall provide notification to the Installation Mayor or Garrison Commander to perform an inspection of all facilities as soon as practicable, but no more than 30 days, after the end of the contract period. If damages are discovered, the prime contractor shall make the necessary repairs. The prime contractor shall notify the Installation Mayor or Garrison Commander for re-inspection of the facilities upon completion of the repairs. If the Installation Mayor or Garrison Commander inspects the property, site space, buildings, facilities, and/or CHUs and finds they have not been properly cleaned, cleared, and/or environmentally remediated, or if the prime contractor fails to repair any damages within 30 calendar days after the end of the contract performance period, the final contract payment shall be reduced by the amount of the specified damages/repairs or the expenses incurred by the USG to properly clean, clear, and/or environmentally remediate the premises.

(5) **Government Furnished Equipment/Materials:** The prime contractor is responsible to return all USG furnished equipment, as defined in Federal Acquisition Regulation (FAR) Part 45, clauses 52.245-1, if included in the contract. Prime contractors who are not in compliance with the FAR, Defense Federal Acquisition Regulation Supplement, Department of Defense Directives and Instructions, policies, or procedures will be responsible and liable for damages to the government property. The prime contractor may apply for a "relief of responsibility" from the Contracting Officer anytime during the contract performance period. A joint inventory shall be conducted of the equipment by the prime contractor, USG representative, and the Contracting Officer or their representative, within 10 calendar days after the end of the contract performance period. The prime contractor shall report lost, damaged or destroyed property immediately to the Contracting Officer, but no later than the joint inventory at the end of the contract period. If the prime contractor fails to report lost, damaged or destroyed equipment or materials during the contract performance period, the prime contractor shall be responsible for the replacement and/or repair of the equipment or materials. The replaced equipment shall be new, of the same quality, and shall perform at the same functional level as the missing piece of equipment. If the prime contractor fails to repair and/or replace damaged or missing equipment, the final payment shall be reduced by the appropriate amount of the specified damages or cost to replace missing equipment with new.

(6) **Contractor Personal Property:** The contractor is advised that all personal property left on the respective installation after the date of departure of said premises, shall be sold or otherwise disposed of in accordance with 10 U.S.C. § 2575.

(i) A request for the return of the property will be honored, if feasible, and if received before the expiration of the period of time allowed to vacate the installation.

(ii) If abandoned property is left on the respective installation, contractual remedies may be enforced against the

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 196 of 224	FINAL

contractor, (See paragraph (b) of this clause for potential contractual remedies). Additionally, even if the contractor waives its interest to all abandoned personal property, the contractor may still be liable for all costs incurred by the USG to remove or dispose of the abandoned property.

(iii) The contractor hereby authorizes the USG authority to dispose of any and all abandoned personal property in any manner the USG may deem suitable and hereby releases and discharges the USG and its agents from any and all claims and demands whatsoever that could otherwise be asserted because of the disposition of said abandoned personal property.

(7) Synchronized Predeployment Operational Tracker (SPOT): The prime contractor is responsible to close out the deployment of personnel, including subcontractor employees at all tiers, at the end of the contract completion period and to release the personnel from the prime contractor's company in the SPOT database. The release of employee information must be accomplished no more than 30 calendar days after the end of the contract completion date.

(8) Accountability of Prime and Subcontractor Personnel: Whether specifically written into the contract or not, it is the expectation of the USG that for any persons brought into the Afghanistan CJOA for the sole purposes of performing work on USG contracts, contract employers will return employees to their point of origin/home country once the contract is completed or their employment is terminated for any reason. If the prime contractor fails to re-deploy an employee, or subcontractor employee at any tier, the USG shall notify the applicable U.S. Embassy to take appropriate action. Failure by the prime contractor to re-deploy its personnel, including subcontractor personnel at any tier, at the end of the contract completion date, could result in the contractor being placed on the Excluded Parties List System (EPLS) and not be allowed to propose on future U.S. contracts anywhere in the world.

(9) Personnel Recovery: Any DoD contractor with unaccounted for employees shall follow the instructions in the "Contractor Accountability and Personnel Recovery" Clause 952.225-20. The contractor may use the Contracting Fusion Cell as a resource to track or research employees last known location and/or to view LOA's.

(b) CENTCOM - Joint Theater Support Contracting Command (C-JTSCC) and external agencies will utilize all available contracting remedies to guarantee compliance with demobilization requirements. Such actions include, but are not limited to withholding payment, issuing a cure notice, issuing a negative Contractor Performance Assessment Reporting System (CPARS) evaluation, reduction of award fee, debarment, reimbursement of U.S. Government expenses, and/or any other legal remedy available to a contracting officer. The USG reserves the right to withhold payment from the prime contractor not in compliance with the above procedures included herein. Additionally, the Contracting Officer shall document all unresolved contractor compliance issues in CPARS, which shall have an adverse past performance affect on future contracts with the USG, anywhere in the world.

952.225-0017 - CONTRACTOR DEMOBILIZATION (IRAQ) (DEC 2011)

(a) Full demobilization of contractors and subcontractor(s) in Iraq is critical to ensuring smooth transition between contractors and/or smooth transition of a site to the Government of Iraq. The prime contractor is required to submit a demobilization plan to the Contracting Officer a minimum of 120 days prior to the end of the contract performance period or when requested by the Contracting Officer. The demobilization plan shall address, as a minimum, the following procedures detailed below. The procedures outline specific guidance to ensure a timely and responsible exit from theater. Prime contractors are responsible and accountable to ensure their subcontractor(s) at all tiers comply with responsible and timely exit from theater immediately following contract performance completion or termination.

(1) Entry and Exit from Iraq: All non-Iraqi companies contracted to do work in Iraq, including those contracted by the US Government, are required to apply directly to the Iraq Ministry of the Interior for exit/entry/residence documents for their personnel. The prime contractor shall follow the guidance issued by the United States (US) Embassy Baghdad and shall, to the maximum extent practicable, process the paperwork for their subcontractor(s) at all tiers. If it is not possible to process the paperwork for subcontracts, the prime contractor shall ensure that subcontractors comply with the procedures as they are written. The process and guidance for the entry/exit

/residence visas are located at <http://iraq.usembassy.gov/usg-contractor.html>. The process must be followed exactly in order to prevent delays or problems in processing the request by the Iraqi Ministry of Interior. US contractor companies may contact the US Embassy Baghdad with questions regarding this process by e-mailing baghdadregmgt@state.gov or calling phone number 240-553-0581, ext 2782 or ext 2092.

(2) Letter of Authorization (LOA): The prime contractor is responsible for demobilizing its workforce, including subcontractor employees at all tiers, and all contractor owned and subcontractor owned equipment out of theater as part of the prime contractor's exit strategy. This exit strategy must include reasonable timeframes starting with the end of the contract performance period and not exceeding 30 days. The Contracting Officer has the authority to extend selected LOAs up to, but not exceeding 30 calendar days after the contract completion date to allow the prime contractor to complete demobilization of its workforce and contractor owned equipment, as well as subcontractor(s) workforce and owned equipment, out of the Iraq CJOA. The prime contractor shall notify the Contracting Officer a minimum of 30 days prior to the end of the contract period to request up to a 30-day extension of selected LOAs beyond the contract completion date to complete demobilization. The request shall include at a minimum:

- (i) the name of each individual requiring a new LOA;
- (ii) the number of days for the LOA (no more than 30 calendar days); and
- (iii) justification for the request (e.g., what function the individual(s) will be performing during the demobilization period).

The Contracting Officer may request additional information for an LOA extension. If approved by the Contracting Officer, this is a no cost extension of an employee's LOA due to demobilization and in no way is an extension of the contract performance period.

(3) Badging: The prime contractor is responsible to ensure all employee badges, including subcontractor employees at all tiers, are returned to the local Access Control Badging Office for de-activation and destruction. The prime contractor shall submit a Badge Termination Report to ensure each record is flagged and the badge is revoked. If a prime and/or subcontractor employee's badge is not returned, the prime contractor shall submit a Lost, Stolen or Unrecovered Badge Report to the appropriate Access Control Badging Office. Contractor employees in possession of a Common Access Card (CAC) shall be responsible for turning in the CAC upon re-deployment through a CONUS Replacement Center in the U.S. Failure to return employee badges in a timely manner may result in delay of final payment.

(4) Contractor Controlled Facility Space: If the prime contractor has entered into a Memorandum of Understanding with the Installation Manager for site space, buildings, facilities, and/or Containerized Housing Units (CHU) to house prime and/or subcontractor employees (at all tiers), the prime contractor is responsible to notify the Installation Manager of intent to vacate at least 90 calendar days prior to the end of the contract performance period. All United States Government (USG) provided property in the prime contractor's possession must be returned to the USG in satisfactory condition. The prime contractor is responsible and liable for any and all damages to USG property caused by prime and/or subcontractor employees, and shall be further liable for all cleanup, clearing, and/or environmental remediation expenses incurred by the USG in returning prime contractor and/or subcontractor facilities including surrounding site to a satisfactory condition, including expenses incurred in physically moving property, trash, and refuse from such premises, removing/remediating hazardous wastes on the premises, and repairing structures, buildings, and facilities used by the prime contractor and/or subcontractor. The prime contractor shall provide notification to the Installation Manager to perform an inspection of all facilities as soon as practicable, but no more than 30 days, after the end of the contract period. If damages are

discovered, the prime contractor shall make the necessary repairs. The prime contractor shall notify the Installation Manager for re-inspection of the facilities upon completion of the repairs. If the Installation Manager inspects the property, site space, buildings, facilities, and/or CHUs and finds they have not been properly cleaned, cleared, and/or environmentally remediated, or if the prime contractor fails to repair any damages within 30 calendar days after the end of the contract performance period, the final contract payment shall be reduced by the amount of the specified damages/repairs or the expenses incurred by the USG to properly clean, clear, and/or environmentally remediate the premises.

(5) Government Furnished Equipment (GFE)/Materials (GFM): Federal Acquisition Regulation (FAR) clause 52.245-1 governs and applies to any issues regarding GFE/GFM or Government Furnished Property (GFP).

(6) Contractor Personal Property: The contractor is advised that all personal property left on the respective installation after the date of departure of said premises, shall be sold or otherwise disposed of, as follows:

(i) A request for the return of the property will be honored, if feasible, and if received before the expiration of the period of time allowed to vacate the installation.

(ii) If abandoned property is left on the respective installation, contractual remedies may be enforced against the contractor, (See paragraph (b) of this clause for potential contractual remedies). Additionally, even if the contractor waives its interest to all abandoned personal property, the contractor may still be liable for all costs incurred by the USG to remove or dispose of the abandoned property.

(iii) The contractor hereby authorizes the USG authority to dispose of any and all abandoned personal property in any manner the USG may deem suitable and hereby releases and discharges the USG and its agents from any and all claims and demands whatsoever that could otherwise be asserted because of the disposition of said abandoned personal property.

(7) Synchronized Pre-deployment Operational Tracker (SPOT): The prime contractor is responsible to close out the deployment of personnel, including subcontractor employees at all tiers, at the end of the person's employment or at the end of the contract completion period and to release the personnel from the prime contractor's company information as loaded in the SPOT database. The release of employee information must be accomplished no more than 30 calendar days after the termination of their employment or the end of the contract completion date, whichever occurs sooner.

(8) Accountability of Prime and Subcontractor Personnel: Whether specifically written into the contract or not, it is the expectation of the USG that for any persons brought into the IJOA for the sole purposes of performing work on USG contracts, contract employers will return employees to their point of origin/home country once the contract is completed or their employment is terminated for any reason. On a case-by-case basis, Contracting Officers may approve a contract employee's request to transfer from an existing contract (as a USG prime or working as a subcontractor on an USG contract) to another USG prime contractor a USG subcontractor. In the instance of an employee leaving their current contract to be employed under another USG contract (either as a prime or subcontractor employee), the contractor losing the employee must terminate the LOA immediately, confiscate all badging, and notify MOI of the change in visa status within 24 hours of the employees termination. The receiving contractor is fully responsible for ensuring the employee has the appropriate passport and visas, badging, DD Form 93 Record of Emergency Data, and LOA in place in order for the new employee to begin work. If the prime contractor fails to re-deploy an employee (or subcontractor employee) at any tier, or fails to confiscate badging, terminate an LOA, or visa after an employee departs to another employer, the USG shall notify the applicable U.S. Embassy to take appropriate action. If the employee has sought employment under another

contract, the gaining employer will be responsible for repatriation upon termination. Failure by the prime contractor to re-deploy its' personnel, including subcontractor personnel at any tier, at the end of the contract completion date, could result in negative past performance ratings and, depending on the severity of the situation, possible proceedings place the contractor on the Excluded Parties List System (EPLS) and not be allowed to propose on future USG contracts anywhere in the world.

(9) Personnel Recovery: Any DoD contractor with unaccounted for employees shall follow the instructions in the "Contractor Accountability and Personnel Recovery" Clause 952.225-0018. The contractor may use the Base Defense Operations Center (BDOC) or the installation force protection officer as a resource to track or research employees last known location and/or to view LOAs.

(b) The Servicing Agency and external agencies will utilize all available contracting remedies to guarantee compliance with demobilization requirements. Such actions include, but are not limited to withholding payment, issuing a cure notice, issuing a negative Contractor Performance Assessment Reporting System (CPARS) evaluation, reduction of award fee, debarment, reimbursement of USG expenses, and/or any other legal remedy available to a Contracting Officer. The USG reserves the right to withhold payment from the prime contractor not in compliance with the above procedures included herein. Additionally, the Contracting Officer shall document all unresolved contractor compliance issues in CPARS, which shall have an adverse past performance affect on future contracts with the USG, anywhere in the world.

952.225-0018 - CONTRACTOR ACCOUNTABILITY AND PERSONNEL RECOVERY (IRAQ) (DEC 2011)

(a) Contract performance may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the contractor accepts the risks associated with required contract performance in such operations.

(1) Unaccounted Personnel: It is the expectation of the USG that any contractor brought into Iraq for the sole purposes of performance of work on a USG contract must be accounted for at all times by their respective employers. Additionally, contractors who maintain living quarters on an Office of Security Cooperation-Iraq (OSC-I) site shall verify the location of each of its employees' living quarters a minimum of once a month. If a DoD contracted employee becomes missing and evidence does not indicate foul play, a Personnel Recovery (PR) event is NOT automatically triggered. Such an event will be treated as an accountability battle drill by the employer's chain of command or civilian equivalent.

(2) Contractor Responsibilities: The contractor is responsible to take all necessary steps to locate and investigate the unaccounted for employee(s) whereabouts to the maximum extent practicable. To assist in this process, contractors may use the Base Defense Operations Center (BDOC) at their OSC-I site as a resource to track or research employee's last known location and/or to view Synchronized Pre-deployment Operational Tracker (SPOT) generated letters of authorization (LOAs). All missing personnel will immediately be reported to the Installation Manager and Force Protection Offer (FPO), and the OSC-I BDOC for the installation they are located at.

(3) Contractor Provided Information: If it is determined that a potential criminal act has occurred, the OSC-I FPO will attempt to validate the missing person's identity through the employer. The contractor shall provide the information to the FPO within 12 hours of request. The required information the contractor should keep on file includes but is not limited to: copy of the individuals SPOT generated LOA, copy of passport and visas, housing information of where the individual resides such as room number and location, DD Form 93, Record of Emergency Data, copy of badging, and contact information for known friends or associates.

(b) If OSC-I FPO determines through investigation that the unaccounted personnel have voluntarily

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 200 of 224	FINAL

left the installation either seeking employment with another contractor or other non-mission related reasons, FPO will notify the contractor. The contractor shall ensure that all government-related documents such as LOAs, visas, Common Access Card (CAC), etc. are terminated/reconciled appropriately within 24 hours of notification by FPO in accordance with subparagraph (a)(8) of C-JTSCC Clause 952.225-0017 entitled "Contractor Demobilization (Iraq)". Contractors who fail to account for their personnel or whose employees create PR events will be held in breach of their contract and face all remedies available to the Contracting Officer.

952.225-0020 CONTRACTOR ACCOUNTABILITY AND PERSONNEL RECOVERY (AFGHANISTAN) (AUG 2011)

(a) Contract performance may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the contractor accepts the risks associated with required contract performance in such operations.

(1) Unaccounted Personnel: It is the expectation of the USG that any contractor brought into Afghanistan for the sole purposes of performance of work on a USG contract must be accounted for at all times by their respective employers. Additionally, contractors who maintain living quarters on a USG base shall verify the location of each of its employees' living quarters a minimum of once a month. If a DoD contracted employee becomes missing and evidence does not indicate foul play, a Personnel Recovery (PR) event is NOT automatically triggered. Such an event will be treated as an accountability battle drill by the employer's chain of command or civilian equivalent.

(2) Contractor Responsibilities: The contractor is responsible to take all necessary steps to locate and investigate the unaccounted for employee(s) whereabouts to the maximum extent practicable. To assist in this process, contractors may use the Contracting Fusion Cell as a resource to track or research employee's last known location and/or to view LOAs. All missing personnel will be immediately reported to the installation division Personnel Recovery Officer (PRO), Mayor's cell, Military Police Station and/or the Criminal Investigative Division, and the Base Defense Operations Center (BDOC).

(3) Contractor Provided Information: If it is determined that a potential criminal act has occurred, the USD PRO (or USFOR-A Personnel Recovery Division (PRD) with prior coordination) will attempt to validate the missing person's identity through the employer. The contractor shall provide the information to PRD within 12 hours of request. The required information the contractor should keep on file includes but is not limited to: copy of the individual's Letter of Authorization generated by the Synchronized Pre-deployment and Operational Tracker System (SPOT), copy of passport and visas, housing information of where the individual resides such as room number and location, DD Form 93, Record of Emergency Data, copy of badging, and contact information for known friends or associates.

(b) If USFOR-A PRD determines through investigation that the unaccounted personnel have voluntarily left the installation either seeking employment with another contractor or other non-mission related reasons, PRD will notify the contractor. The contractor shall ensure that all government-related documents such as LOAs, visas, etc. are terminated/reconciled appropriately within 24 hours of notification by PRD in accordance with subparagraph (a)(8) of C-JTSCC Clause 952.225-0016 entitled "Contractor Demobilization (Afghanistan)". Contractors who fail to account for their personnel or whose employees create PR events will be held in breach of their contract and face all remedies available to the Contracting Officer.

952.225-0021 - MEDICAL SCREENING AND VACCINATION REQUIREMENTS FOR CONTRACTOR EMPLOYEES OPERATING IN IRAQ (DEC 2011)

(a) Contractors and subcontractors at any tier shall ensure and provide satisfactory evidence that all locally hired employees, including Local National (LN), Third Country National (TCN), and U.S. employees, working on Office

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 201 of 224	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

of Security Cooperation-Iraq (OSC-I) installations have been screened for and do not currently have active tuberculosis (TB).

(1) Contractors may initially utilize a testing method of either a chest x-ray or TB skin test (TST), depending on the originating country of a contracted employee.

(i) Chest x-rays (CXR's), symptom survey, and Body Mass Index (BMI) shall be taken, and TSTs administered within 12 months prior to the start of deployment/employment. Contractors are required to bring in a physical copy of the pre-employment CXR film as it is the only way to verify interval changes should an active case of TB occur.

(A) Third Country Nationals (TCNs) and Local Nationals (LNs) cannot be screened with the TST. They need the pre-employment screening with a quality CXR, BMI and symptom survey.

(B) Small-Risk Nationals (SRNs), those with less than 25 TB cases per 100,000 persons annually (mostly expats from Europe and US), can be screened via the TST.

(ii) Annual re-screening for TCNs, and LNs will be performed with a CXR conducted by the Contractor's medical provider or local economy provider who will look for interval changes from prior CXR's and review any changes in the symptom survey.

(iii) SRN's do not require annual TB re-screening. However, for a TB contact investigation, a TST or Interferon Gamma Release Assay (IGRA) is required.

(iv) For a contact investigation, all personnel with a positive TST or IGRA will be evaluated for potential active TB with a symptom screen, exposure history, BMI, and CXR. All cases of suspected or confirmed active TB must be reported to the Contractor's medical provider as soon as possible. TB reporting is required within 24 hours to the Contracting Officer Representative and the OSC-I Installation Manager. Contact tracing, and medical coding have specific requirements. All Small-Risk National (SRN) contract personnel are required to be MEDEVAC'd out of theater, at the contractor's expense, for treatment of active TB, after consultation with the Contractor's medical provider. For SRN personnel, the contractor is responsible for management and compliance with all prescribed public health actions.

(v) Screening may be performed either by a licensed medical provider from the local economy or by the contractors' licensed medical staffs. Contractors shall maintain medical screening documentation and make it available to the Contracting Officer upon request.

(2) TB screening and documentation is a requirement prior to receiving badges to work in the IJOA. A copy of the TB screening documentation shall be provided to the responsible OSC-I Installation Manager prior to issuance of site access badges.

(b) Contractor employees, including subcontractors at any tier, who work in food service positions and/or water and ice production facilities, shall have current Typhoid and Hepatitis "A" (full series) immunizations in accordance with the Centers for Disease Control and Prevention guidelines (e.g. typhoid vaccination booster is required every 2 years), in addition to the required TB tests. The contractor medical provider must complete a pre-placement examination to include a stool sample test for ova and parasites, and annual medical screening form or equivalent for food service, ice and water production workers.

(c) Proof of individual employee vaccinations shall be provided to the Contracting Officer and COR showing that their employees and their subcontractor employees at any tier have received the above vaccinations. The contractor shall maintain their employees' vaccination records for examination by the Contracting Officer. The contractor shall ensure that their subcontractors at any tier maintain their respective employees' vaccination records for examination by the Contracting Officer.

(d) The contractor is responsible for management and compliance with all prescribed public health actions regarding TB in the contracted personnel. The contractor also bears the responsibility of ensuring that adequate health management for TB (screening/diagnosis/treatment/isolation) is available at the contractor's chosen health care provider for their contracted and subcontracted personnel.

NOTE: Contractors are reminded of the requirement to comply with their contract and all regulatory guidance (DoD Instructions/Regulations, Federal Acquisition Regulation as Supplemented, and FRAGO's) as applicable regarding

Medical Screening and Vaccination Requirements.

5252.232-9509 TRAVEL APPROVAL AND REIMBURSEMENT PROCEDURES (NAVAIR)(OCT 2013)

(a) General. Performance under this contract may require travel by Contractor personnel. If travel, domestic or overseas, is required, the Contractor is responsible for making all necessary arrangements for its personnel. These include but are not limited to: medical examinations, immunizations, passports/visas/etc., and security clearances.

(b) Travel Approval Process. Prior approval is required for all travel under this contract. Travel shall be reviewed and approved/disapproved as follows:

(1) The Contractor shall provide the Contracting Officer's Representative (COR) a written request for authorization to travel at least 30 days in advance of the required travel date, when possible. The request should include: purpose of travel, location, travel dates, number of individuals traveling, and all estimated costs associated with the travel (e.g., lodging, meals, transportation costs, incidental expenses, etc.).

(2) The COR will review the travel request and provide, in writing, an approval or disapproval of the travel request to the Contractor and the Procuring Contracting Officer.

(c) Travel Policy.

(1) Travel arrangements shall be planned in accordance with the Federal Travel regulations, prescribed by the General Services Administration for travel in the conterminous 48 United States, (hereinafter the FTR) and the Joint Travel Regulation, Volume 2, DoD Civilian Personnel, Appendix A, prescribed by the Department of Defense (hereinafter the JTR).

(2) The Government will reimburse the Contractor for allowable travel costs incurred by the Contractor in performance of the contract in accordance with FAR Subpart 31.2.

(3) For purposes of reimbursement of travel expenses, the Contractor's official station is defined as within 50 miles of the Contractor's regular work site. (If Contractor has more than one regular work site, the official station is defined as within 50 miles of each of its regular work sites.)

(4) The Contractor's documentation for the reimbursement of travel costs (e.g., receipts) shall be governed as set forth in FAR Subpart 31.2, the FTR, and the JTR.

(5) Car Rental for a team on temporary duty (TDY) at one site will be allowed provided that only one car is rented for every four (4) members of the TDY team. In the event that less than four (4) persons comprise the TDY team, car rental will be allowed if necessary to complete the mission required.

(6) Whenever work assignments require TDY aboard a Government ship, the Contractor will be reimbursed at the per diem identified in the JTR.

5252.237-9503 ORDERING PROCEDURES FOR NAVY MARINE CORPS INTRANET (NMCI) SERVICES (NAVAIR) (JAN 2012)

Ordering Procedures for Navy Marine Corps Intranet (NMCI) are hereby suspended from use under this contract/order effective 1 October 2015.

(a) This Support Services contract may require the use of and/or access to Department of Navy (DoN) Information Technology (IT) Resources by contractor personnel for contract performance.

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 203 of 224	FINAL

Applicable DoN IT Resources for performance of this contract shall be procured from the NMCI Contractor pursuant to the authority of NMCI Contract #N00039-10-D-0010, "Ordering" clause.

(b) The Support Services contractor shall obtain written authorization from the Contracting Officer executing this contract, prior to ordering directly from the NMCI Contractor. No NMCI Order may be placed without the prior written authorization of the Contracting Officer. Any NMCI Order exceeding the written authorization of the Contracting Officer shall be treated as an unallowable cost pursuant to FAR Part 31.

(c) The Government shall reimburse the contractor for the placement of NMCI Orders including applicable indirect burdens (general & administrative, etc.), excluding profit or fee.

5252.243-9504 AUTHORIZED CHANGES ONLY BY THE CONTRACTING OFFICER (NAVAIR) (JAN 1992)

(a) Except as specified in paragraph (b) below, no order, statement, or conduct of Government personnel who visit the contractor's facilities or in any other manner communicates with contractor personnel during the performance of this contract shall constitute a change under the "Changes" clause of this contract.

(b) The contractor shall not comply with any order, direction or request of Government personnel unless it is issued in writing and signed by the Contracting Officer, or is pursuant to specific authority otherwise included as a part of this contract.

(c) The Contracting Officer is the only person authorized to approve changes in any of the requirements of this contract and notwithstanding provisions contained elsewhere in this contract, the said authority remains solely the Contracting Officer's. In the event the contractor effects any change at the direction of any person other than the Contracting Officer, the change will be considered to have been made without authority and no adjustment will be made in the contract price to cover any increase in charges incurred as a result thereof. The address and telephone number of the Contracting Officer is: [Thomas Stann, 21983 Bundy Rd., Building 441, Patuxent River, MD 20670; 301-757-0031;Thomas.Stann@navy.mil.](mailto:Thomas.Stann@navy.mil)

property is authorized.

SEA 5252.216-9122 LEVEL OF EFFORT (DEC 2000)

(a) The Contractor agrees to provide the total level of effort specified in the next sentence in performance of the work described in Sections B and C of this contract. The total level of effort for the performance of this contract shall be 806,000 total man-hours of direct labor, including subcontractor direct labor for those subcontractors specifically identified in the Contractor's proposal as having hours included in the proposed level of effort. Break out of estimated hours per contract year listed in the below:

<u>Contract Year</u>	<u>Number of Hours</u>
Base	██████████
Option I	██████████
Option II	██████████
Option III	██████████
Option IV	██████████
Extend Services -8	██████████
Total	██████████

(b) Of the total man-hours of direct labor set forth above, it is estimated that 0 (zero) man-hours are uncompensated effort. Uncompensated effort is defined as hours provided by personnel in excess of 40 hours per week without additional compensation for such excess work. All other effort is defined as compensated effort. If no effort is indicated in the first sentence of this paragraph, uncompensated effort performed by the Contractor shall not be counted in fulfillment of the level of effort obligations under this contract.

(c) Effort performed in fulfilling the total level of effort obligations specified above shall only include effort performed in direct support of this contract and shall not include time and effort expended on such things as (local travel to and from an employee's usual work location), uncompensated effort while on travel status, truncated lunch periods, work (actual or inferred) at an employee's residence or other non-work locations, or other time and effort which does not have a specific and direct contribution to the tasks described in Sections B and C.

(d) The level of effort for this contract shall be expended at an average rate of approximately 5,167 hours per week. It is understood and agreed that the rate of man-hours per month may fluctuate in pursuit of the technical objective, provided such fluctuation does not result in the use of the total man-hours of effort prior to the expiration of the term hereof, except as provided in the following paragraph.

(e) If, during the term hereof, the Contractor finds it necessary to accelerate the expenditure of direct labor to such an extent that the total man-hours of effort specified above would be used prior to the expiration of the term, the Contractor shall notify the Task Order Contracting Officer in writing setting forth the acceleration required, the probable benefits which would result, and an offer to undertake the acceleration at no increase in the estimated cost or fee together with an offer, setting forth a proposed level of effort, cost breakdown, and proposed fee, for continuation of the work until expiration of the term hereof. The offer shall provide that the work proposed will be subject to the terms and conditions of this contract and any additions or changes required by then current law, regulations, or directives, and that the offer, with a written notice of acceptance by the Task Order Contracting Officer, shall constitute a binding contract. The Contractor shall not accelerate any effort until receipt of such written approval by the Task Order Contracting officer. Any agreement to accelerate will be formalized by contract modification.

(f) The Task Order Contracting Officer may, by written order, direct the Contractor to accelerate the expenditure of direct labor such that the total man-hours of effort specified in paragraph (a) above would be used prior to the expiration of the term. This order shall specify the acceleration required and the resulting revised term. The Contractor shall acknowledge this order within five days of receipt.

(g) If the total level of effort specified in paragraph (a) above is not provided by the Contractor during the period of

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 206 of 224	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

this contract, the Task Order Contracting Officer, at its sole discretion, shall either (i) reduce the fee of this contract as follows:

Fee Reduction = Fee (Required LOE - Expended LOE)
Required LOE

or (ii) subject to the provisions of the clause of this contract entitled "LIMITATION OF COST" (FAR 52.232-20) or "LIMITATION OF COST (FACILITIES)" (FAR 52.232-21), as applicable, require the Contractor to continue to perform the work until the total number of man-hours of direct labor specified in paragraph (a) above shall have been expended, at no increase in the fee of this contract.

(h) The Contractor shall provide and maintain an accounting system, acceptable to the Administrative Contracting Officer and the Defense Contract Audit Agency (DCAA), which collects costs incurred and effort (compensated and uncompensated, if any) provided in fulfillment of the level of effort obligations of this contract. The Contractor shall indicate on each invoice the total level of effort claimed during the period covered by the invoice, separately identifying compensated effort and uncompensated effort, if any.

(i) Within 45 days after completion of the work under each separately identified period of performance hereunder, the Contractor shall submit the following information in writing to the Task Order Contracting Officer with copies to the cognizant Contract Administration Office and to the DCAA office to which vouchers are submitted: (1) the total number of man-hours of direct labor expended during the applicable period; (2) a breakdown of this total showing the number of man-hours expended in each direct labor classification and associated direct and indirect costs; (3) a breakdown of other costs incurred; and (4) the Contractor's estimate of the total allowable cost incurred under the contract for the period. Within 45 days after completion of the work under the contract, the Contractor shall submit, in addition, in the case of a cost underrun; (5) the amount by which the estimated cost of this contract may be reduced to recover excess funds and, in the case of an underrun in hours specified as the total level of effort; and (6) a calculation of the appropriate fee reduction in accordance with this clause. All submissions shall include subcontractor information.

(j) Unless the Contracting Officer determines that alternative worksite arrangements are detrimental to contract performance, the Contractor may perform up to 10% of the hours at an alternative worksite, provided the Contractor has a company-approved alternative worksite plan. The primary worksite is the traditional main office worksite. An alternative worksite means an employee's residence or a telecommuting center. A telecommuting center is a geographically convenient office setting as an alternative to an employee's main office. The Government reserves the right to review the Contractor's alternative worksite plan. In the event performance becomes unacceptable, the Contractor will be prohibited from counting the hours performed at the alternative worksite in fulfilling the total level of effort obligations of the contract. Regardless of the work location, all contract terms and conditions, including security requirements and labor laws, remain in effect. The Government shall not incur any additional cost nor provide additional equipment for contract performance as a result of the Contractor's election to implement an alternative worksite plan. *

(k) Notwithstanding any of the provisions in the above paragraphs, the Contractor may furnish man-hours up to five percent in excess of the total man-hours specified in paragraph (a) above, provided that the additional effort is furnished within the term hereof, and provided further that no increase in the estimated cost or fee is required.

* The Contracting Officer referred to, in paragraph (j), is the Task Order Contracting Officer.

SECTION I CONTRACT CLAUSES

Contract Clauses in Section I in the Contractor's Basic Seaport-e IDIQ are incorporated into this task order by reference.

The following clauses are incorporated by reference:

52.204-9 - PERSONAL IDENTITY VERIFICATION OF CONTRACTOR PERSONNEL (SEP 2007)

52.251-1 GOVERNMENT SUPPLY SOURCES (AUG 2010)

252.251-7000 ORDERING FROM GOVERNMENT SUPPLY SOURCES (NOV 2004)

52.222-26 Equal Opportunity (Sep 2016)

The following clauses are incorporated by full text:

52.203-16 Preventing Personal Conflicts of Interest (Dec 2011)

(a) *Definitions.* As used in this clause--

“Acquisition function closely associated with inherently governmental functions” means supporting or providing advice or recommendations with regard to the following activities of a Federal agency:

- (1) Planning acquisitions.
- (2) Determining what supplies or services are to be acquired by the Government, including developing statements of work.
- (3) Developing or approving any contractual documents, to include documents defining requirements, incentive plans, and evaluation criteria.
- (4) Evaluating contract proposals.
- (5) Awarding Government contracts.
- (6) Administering contracts (including ordering changes or giving technical direction in contract performance or contract quantities, evaluating contractor performance, and accepting or rejecting contractor products or services).
- (7) Terminating contracts.
- (8) Determining whether contract costs are reasonable, allocable, and allowable.

“Covered employee” means an individual who performs an acquisition function closely associated with inherently governmental functions and is—

- (1) An employee of the contractor; or
- (2) A subcontractor that is a self-employed individual treated as a covered employee of the contractor because there is no employer to whom such an individual could submit the required disclosures.

“Non-public information” means any Government or third-party information that—

- (1) Is exempt from disclosure under the Freedom of Information Act (5 U.S.C. 552) or otherwise protected from disclosure by statute, Executive order, or regulation; or
- (2) Has not been disseminated to the general public and the Government has not yet determined whether the information can or will be made available to the public.

“Personal conflict of interest” means a situation in which a covered employee has a financial interest, personal

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 208 of 224	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

activity, or relationship that could impair the employee’s ability to act impartially and in the best interest of the Government when performing under the contract. (A de minimis interest that would not “impair the employee’s ability to act impartially and in the best interest of the Government” is not covered under this definition.)

(1) Among the sources of personal conflicts of interest are—

- (i) Financial interests of the covered employee, of close family members, or of other members of the covered employee’s household;
- (ii) Other employment or financial relationships (including seeking or negotiating for prospective employment or business); and
- (iii) Gifts, including travel.

(2) For example, financial interests referred to in paragraph (1) of this definition may arise from—

- (i) Compensation, including wages, salaries, commissions, professional fees, or fees for business referrals;
- (ii) Consulting relationships (including commercial and professional consulting and service arrangements, scientific and technical advisory board memberships, or serving as an expert witness in litigation);
- (iii) Services provided in exchange for honorariums or travel expense reimbursements;
- (iv) Research funding or other forms of research support;
- (v) Investment in the form of stock or bond ownership or partnership interest (excluding diversified mutual fund investments);
- (vi) Real estate investments;
- (vii) Patents, copyrights, and other intellectual property interests; or
- (viii) Business ownership and investment interests.

(b) *Requirements.* The Contractor shall—

(1) Have procedures in place to screen covered employees for potential personal conflicts of interest, by—

(i) Obtaining and maintaining from each covered employee, when the employee is initially assigned to the task under the contract, a disclosure of interests that might be affected by the task to which the employee has been assigned, as follows:

(A) Financial interests of the covered employee, of close family members, or of other members of the covered employee’s household

(B) Other employment or financial relationships of the covered employee (including seeking or negotiating for prospective employment or business).

(C) Gifts, including travel; and

(ii) Requiring each covered employee to update the disclosure statement whenever the employee’s personal or financial circumstances change in such a way that a new personal conflict of interest might occur because of the task the covered employee is performing.

(2) For each covered employee--

(i) Prevent personal conflicts of interest, including not assigning or allowing a covered employee to perform any task under the contract for which the Contractor has identified a personal conflict of interest for the employee that the Contractor or employee cannot satisfactorily prevent or mitigate in consultation with the contracting agency;

(ii) Prohibit use of non-public information accessed through performance of a Government contract for personal gain; and

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 209 of 224	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(iii) Obtain a signed non-disclosure agreement to prohibit disclosure of non-public information accessed through performance of a Government contract.

(3) Inform covered employees of their obligation—

(i) To disclose and prevent personal conflicts of interest;

(ii) Not to use non-public information accessed through performance of a Government contract for personal gain; and

(iii) To avoid even the appearance of personal conflicts of interest;

(4) Maintain effective oversight to verify compliance with personal conflict-of-interest safeguards;

(5) Take appropriate disciplinary action in the case of covered employees who fail to comply with policies established pursuant to this clause; and

(6) Report to the Contracting Officer any personal conflict-of-interest violation by a covered employee as soon as it is identified. This report shall include a description of the violation and the proposed actions to be taken by the Contractor in response to the violation. Provide follow-up reports of corrective actions taken, as necessary. Personal conflict-of-interest violations include—

(i) Failure by a covered employee to disclose a personal conflict of interest;

(ii) Use by a covered employee of non-public information accessed through performance of a Government contract for personal gain; and

(iii) Failure of a covered employee to comply with the terms of a non-disclosure agreement.

(c) *Mitigation or waiver.*

(1) In exceptional circumstances, if the Contractor cannot satisfactorily prevent a personal conflict of interest as required by paragraph (b)(2)(i) of this clause, the Contractor may submit a request through the Contracting Officer to the Head of the Contracting Activity for—

(i) Agreement to a plan to mitigate the personal conflict of interest; or

(ii) A waiver of the requirement.

(2) The Contractor shall include in the request any proposed mitigation of the personal conflict of interest.

(3) The Contractor shall—

(i) Comply, and require compliance by the covered employee, with any conditions imposed by the Government as necessary to mitigate the personal conflict of interest; or

(ii) Remove the Contractor employee or subcontractor employee from performance of the contract or terminate the applicable subcontract.

(d) *Subcontract flowdown.* The Contractor shall include the substance of this clause, including this paragraph (d), in subcontracts—

(1) That exceed \$150,000; and

(2) In which subcontractor employees will perform acquisition functions closely associated with inherently governmental functions (i.e., instead of performance only by a self-employed individual).

(End of clause)

Any contract awarded as a result of this solicitation will be [] DX rated order; [X] DO rated order certified for national defense, emergency preparedness, and energy program use under the Defense Priorities and Allocations System (DPAS) (15 CFR 700), and the Contractor will be required to follow all of the requirements of this regulation.

52.217-8 OPTION TO EXTEND SERVICES (NOV 1999)

The Government may require continued performance of any services within the limits and at the rates specified in the contract. These rates may be adjusted only as a result of revisions to prevailing labor rates provided by the Secretary of Labor. The option provision may be exercised more than once, but the total extension of performance hereunder shall not exceed 6 months. The Contracting Officer may exercise the option by written notice to the Contractor within 30 days.

52.217-9 OPTION TO EXTEND THE TERM OF THE CONTRACT (MAR 2000)

(a) The Government may extend the term of this task order by written notice to the Contractor on or before the expiration of the task order; provided, that the Government gives the Contractor a preliminary written notice of its intent to extend at least 14 days before the task order expires. The preliminary notice does not commit the Government to an extension.

(b) If the Government exercises this option, the extended task order shall be considered to include this option clause.

(c) The total duration of this task order, including the exercise of any options under this clause, shall not exceed three years.

52.228-3 -- WORKERS COMPENSATION INSURANCE (DEFENSE BASE ACT) (Apr 1984)

The Contractor shall (a) provide, before commencing performance under this contract, such workers' compensation insurance or security as the Defense Base Act (42 U.S.C. 1651, *et seq.*) requires and (b) continue to maintain it until performance is completed. The Contractor shall insert, in all subcontracts under this contract to which the Defense Base Act applies, a clause similar to this clause (including this sentence) imposing upon those subcontractors this requirement to comply with the Defense Base Act.

52.244-2 SUBCONTRACTS (Oct 2010)

(a) *Definitions.* As used in this clause—

“Approved purchasing system” means a Contractor’s purchasing system that has been reviewed and approved in accordance with Part 44 of the Federal Acquisition Regulation (FAR)

“Consent to subcontract” means the Contracting Officer’s written consent for the Contractor to enter into a particular subcontract.

“Subcontract” means any contract, as defined in FAR Subpart 2.1, entered into by a subcontractor to furnish supplies or services for performance of the prime contract or a subcontract. It includes, but is not limited to, purchase orders, and changes and modifications to purchase orders.

(b) When this clause is included in a fixed-price type contract, consent to subcontract is required only on unpriced contract actions (including unpriced modifications or unpriced delivery orders), and only if required in accordance with paragraph (c) or (d) of this clause.

(c) If the Contractor does not have an approved purchasing system, consent to subcontract is required for any subcontract that-

(1) Is of the cost-reimbursement, time-and-materials, or labor-hour type; or

(2) Is fixed-price and exceeds—

(i) For a contract awarded by the Department of Defense, the Coast Guard, or the National Aeronautics and Space Administration, the greater of the simplified acquisition threshold or 5 percent of the total estimated cost of the contract; or

(ii) For a contract awarded by a civilian agency other than the Coast Guard and the National Aeronautics and Space Administration, either the simplified acquisition threshold or 5 percent of the total estimated cost of the contract.

(d) If the Contractor has an approved purchasing system, the Contractor nevertheless shall obtain the Contracting Officer's written consent before placing the following subcontracts: **N/A**

(e)(1) The Contractor shall notify the Contracting Officer reasonably in advance of placing any subcontract or modification thereof for which consent is required under paragraph (b), (c), or (d) of this clause, including the following information:

(i) A description of the supplies or services to be subcontracted.

(ii) Identification of the type of subcontract to be used.

(iii) Identification of the proposed subcontractor.

(iv) The proposed subcontract price.

(v) The subcontractor's current, complete, and accurate certified cost or pricing data and Certificate of Current Cost or Pricing Data, if required by other contract provisions.

(vi) The subcontractor's Disclosure Statement or Certificate relating to Cost Accounting Standards when such data are required by other provisions of this contract.

(vii) A negotiation memorandum reflecting -

(A) The principal elements of the subcontract price negotiations;

(B) The most significant considerations controlling establishment of initial or revised prices;

(C) The reason certified cost or pricing data were or were not required;

(D) The extent, if any, to which the Contractor did not rely on the subcontractor's certified cost or pricing data in determining the price objective and in negotiating the final price;

(E) The extent to which it was recognized in the negotiation that the subcontractor's certified cost or pricing data were not accurate, complete, or current; the action taken by the Contractor and the subcontractor; and the effect of any such defective data on the total price negotiated;

(F) The reasons for any significant difference between the Contractor's price objective and the price negotiated; and

(G) A complete explanation of the incentive fee or profit plan when incentives are used. The explanation shall identify each critical performance element, management decisions used to quantify each incentive element, reasons for the incentives, and a summary of all trade-off possibilities considered.

(2) The Contractor is not required to notify the Contracting Officer in advance of entering into any subcontract for which consent is not required under paragraph (b), (c), or (d) of this clause.

(f) Unless the consent or approval specifically provides otherwise, neither consent by the Contracting Officer to any subcontract nor approval of the Contractor's purchasing system shall constitute a determination -

(1) Of the acceptability of any subcontract terms or conditions;

(2) Of the allowability of any cost under this contract; or

252.225-7040 CONTRACTOR PERSONNEL SUPPORTING U.S. ARMED FORCES DEPLOYED OUTSIDE THE UNITED STATES (OCT 2015)

(a) *Definitions.* As used in this clause—

“Combatant Commander” means the commander of a unified or specified combatant command established in accordance with 10 U.S.C. 161.

“Contractors authorized to accompany the Force,” or “CAAF,” means contractor personnel, including all tiers of subcontractor personnel, who are authorized to accompany U.S. Armed Forces in applicable operations and have been afforded CAAF status through a letter of authorization. CAAF generally include all U.S. citizen and third-country national employees not normally residing within the operational area whose area of performance is in the direct vicinity of U.S. Armed Forces and who routinely are collocated with the U.S. Armed Forces (especially in non-permissive environments). Personnel collocated with U.S. Armed Forces shall be afforded CAAF status through a letter of authorization. In some cases, Combatant Commander subordinate commanders may designate mission-essential host nation or local national contractor employees (e.g., interpreters) as CAAF. CAAF includes contractors previously identified as contractors deploying with the U.S. Armed Forces. CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

“Designated operational area” means a geographic area designated by the combatant commander or subordinate joint force commander for the conduct or support of specified military operations.

“Designated reception site” means the designated place for the reception, staging, integration, and onward movement of contractors deploying during a contingency. The designated reception site includes assigned joint reception centers and other Service or private reception sites.

“Law of war” means that part of international law that regulates the conduct of armed hostilities. The law of war encompasses all international law for the conduct of hostilities binding on the <st1:ST1:COUNTRY-REGION w:st="on">United States</st1:ST1:COUNTRY-REGION> or its individual citizens, including treaties and international agreements to which the <st1:ST1:COUNTRY-REGION w:st="on">United

States</st1:ST1:COUNTRY-REGION> is a party, and applicable customary international law.

“Non-CAAF” means personnel who are not designated as CAAF, such as local national (LN) employees and non-LN employees who are permanent residents in the operational area or third-country nationals not routinely residing with U.S. Armed Forces (and third-country national expatriates who are permanent residents in the operational area) who perform support functions away from the close proximity of, and do not reside with, U.S. Armed Forces. Government-furnished support to non-CAAF is typically limited to force protection, emergency medical care, and basic human needs (e.g., bottled water, latrine facilities, security, and food when necessary) when performing their jobs in the direct vicinity of U.S. Armed Forces. Non-CAAF status does not apply to contractor personnel in support of applicable operations within the boundaries and territories of the United States.

“Subordinate joint force commander” means a sub-unified commander or joint task force commander.

(b) *General.*

(1) This clause applies to both CAAF and non-CAAF when performing in a designated operational area outside the United States to support U.S. Armed Forces deployed outside the United States in—

(i) Contingency operations;

(ii) Peace operations, consistent with Joint Publication 3-07.3; or

(iii) Other military operations or military exercises, when designated by the Combatant Commander or as directed by the Secretary of Defense.

(2) Contract performance in support of U.S. Armed Forces deployed outside the <st1:ST1:COUNTRY-REGION w:st="on">United States</st1:ST1:COUNTRY-REGION> may require work in dangerous or austere conditions. Except as otherwise provided in the contract, the Contractor accepts the risks associated with required contract performance in such operations.

(3) When authorized in accordance with paragraph (j) of this clause to carry arms for personal protection, Contractor personnel are only authorized to use force for individual self-defense.

(4) Unless immune from host nation jurisdiction by virtue of an international agreement or international law, inappropriate use of force by contractor personnel supporting the U.S. Armed Forces can subject such personnel to United States or host nation prosecution and civil liability (see paragraphs (d) and (j)(3) of this clause).

(5) Service performed by Contractor personnel subject to this clause is not active duty or service under 38 U.S.C. 106 note.

(c) *Support.*

(1)(i) The Combatant Commander will develop a security plan for protection of Contractor personnel in locations where there is not sufficient or legitimate civil authority, when the Combatant Commander decides it is in the interests of the Government to provide security because—

(A) The Contractor cannot obtain effective security services;

(B) Effective security services are unavailable at a reasonable cost; or

(C) Threat conditions necessitate security through military means.

(ii) In appropriate cases, the Combatant Commander may provide security through military means, commensurate with the level of security provided DoD civilians.

----------------------------------	---	----------------------------------	--------------------	-------

(2)(i) Generally, CAAF will be afforded emergency medical and dental care if injured while supporting applicable operations. Additionally, non-CAAF employees who are injured while in the vicinity of U. S. Armed Forces will normally receive emergency medical and dental care. Emergency medical and dental care includes medical care situations in which life, limb, or eyesight is jeopardized. Examples of emergency medical and dental care include examination and initial treatment of victims of sexual assault; refills of prescriptions for life-dependent drugs; repair of broken bones, lacerations, infections; and traumatic injuries to the dentition. Hospitalization will be limited to stabilization and short-term medical treatment with an emphasis on return to duty or placement in the patient movement system.

(ii) When the Government provides medical treatment or transportation of Contractor personnel to a selected civilian facility, the Contractor shall ensure that the Government is reimbursed for any costs associated with such treatment or transportation.

(iii) Medical or dental care beyond this standard is not authorized.

(3) Contractor personnel must have a Synchronized Predeployment and Operational Tracker (SPOT)-generated letter of authorization signed by the Contracting Officer in order to process through a deployment center or to travel to, from, or within the designated operational area. The letter of authorization also will identify any additional authorizations, privileges, or Government support that Contractor personnel are entitled to under this contract. Contractor personnel who are issued a letter of authorization shall carry it with them at all times while deployed.

(4) Unless specified elsewhere in this contract, the Contractor is responsible for all other support required for its personnel engaged in the designated operational area under this contract.

(d) *Compliance with laws and regulations.*

(1) The Contractor shall comply with, and shall ensure that its personnel supporting U.S. Armed Forces deployed outside the United States as specified in paragraph (b)(1) of this clause are familiar with and comply with, all applicable—

(i) <st1:ST1:COUNTRY-REGION w:st="on">United States</st1:ST1:COUNTRY-REGION>, host country, and third country national laws;

(ii) Provisions of the law of war, as well as any other applicable treaties and international agreements;

(iii) <st1:ST1:COUNTRY-REGION w:st="on">United States</st1:ST1:COUNTRY-REGION> regulations, directives, instructions, policies, and procedures; and

(iv) Orders, directives, and instructions issued by the Combatant Commander, including those relating to force protection, security, health, safety, or relations and interaction with local nationals.

(2) The Contractor shall institute and implement an effective program to prevent violations of the law of war by its employees and subcontractors, including law of war training in accordance with paragraph (e)(1)(vii) of this clause.

(3) The Contractor shall ensure that CAAF and non-CAAF are aware—

(i) Of the DoD definition of “sexual assault” in DoD Directive 6495.01, Sexual Assault Prevention and Response Program;

(ii) That the offenses addressed by the definition are covered under the Uniform Code of Military Justice (see paragraph (e)(2)(iv) of this clause). Other sexual misconduct may constitute offenses under the Uniform Code of Military Justice, Federal law, such as the Military Extraterritorial Jurisdiction Act, or host nation laws; and

(iii) That the offenses not covered by the Uniform Code of Military Justice may nevertheless have consequences to the contractor employees (see paragraph (h)(1) of this clause).

(4) The Contractor shall report to the appropriate investigative authorities, identified in paragraph (d)(6) of this clause, any alleged offenses under—

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 215 of 224	FINAL

(i) The Uniform Code of Military Justice (chapter 47 of title 10, United States Code) (applicable to contractors serving with or accompanying an armed force in the field during a declared war or contingency operations); or

(ii) The Military Extraterritorial Jurisdiction Act (chapter 212 of title 18, United States Code).

(5) The Contractor shall provide to all contractor personnel who will perform work on a contract in the deployed area, before beginning such work, information on the following:

(i) How and where to report an alleged crime described in paragraph (d)(4) of this clause.

(ii) Where to seek victim and witness protection and assistance available to contractor personnel in connection with an alleged offense described in paragraph (d)(4) of this clause.

(iii) That this section does not create any rights or privileges that are not authorized by law or DoD policy.

(6) The appropriate investigative authorities to which suspected crimes shall be reported include the following—

(i) US Army Criminal Investigation Command at <http://www.cid.army.mil/reportacrime.html>;

(ii) Air Force Office of Special Investigations at <http://www.osi.andrews.af.mil/library/factsheets/factsheet.asp?id=14522>;

(iii) Navy Criminal Investigative Service at <http://www.ncis.navy.mil/Pages/publicdefault.aspx>;

(iv) Defense Criminal Investigative Service at <http://www.dodig.mil/HOTLINE/index.html>;

(v) To any command of any supported military element or the command of any base.

(7) Personnel seeking whistleblower protection from reprisals for reporting criminal acts shall seek guidance through the DoD Inspector General hotline at 800-424-9098 or www.dodig.mil/HOTLINE/index.html. Personnel seeking other forms of victim or witness protections should contact the nearest military law enforcement office.

(8)(i) The Contractor shall ensure that Contractor employees supporting the U.S. Armed Forces are aware of their rights to—

(A) Hold their own identity or immigration documents, such as passport or driver's license, regardless of the documents' issuing authority;

(B) Receive agreed upon wages on time;

(C) Take lunch and work-breaks;

(D) Elect to terminate employment at any time;

(E) Identify grievances without fear of reprisal;

(F) Have a copy of their employment contract in a language they understand;

(G) Receive wages that are not below the legal host-country minimum wage;

(H) Be notified of their rights, wages, and prohibited activities prior to signing their employment contract; and

(I) If housing is provided, live in housing that meets host-country housing and safety standards.

(ii) The Contractor shall post these rights in employee work spaces in English and in any foreign language(s) spoken by a significant portion of the workforce.

----------------------------------	---	----------------------------------	--------------------	-------

(iii) The Contractor shall enforce the rights of Contractor personnel supporting the U.S. Armed Forces.

(e) *Preliminary personnel requirements.*

(1) The Contractor shall ensure that the following requirements are met prior to deploying CAAF (specific requirements for each category will be specified in the statement of work or elsewhere in the contract):

(i) All required security and background checks are complete and acceptable.

(ii) All CAAF deploying in support of an applicable operation—

(A) Are medically, dentally, and psychologically fit for deployment and performance of their contracted duties;

(B) Meet the minimum medical screening requirements, including theater-specific medical qualifications as established by the geographic Combatant Commander (as posted to the Geographic Combatant Commander's website or other venue); and

(C) Have received all required immunizations as specified in the contract.

(1) During predeployment processing, the Government will provide, at no cost to the Contractor, any military-specific immunizations and/or medications not available to the general public.

(2) All other immunizations shall be obtained prior to arrival at the deployment center.

(3) All CAAF and selected non-CAAF, as specified in the statement of work, shall bring to the designated operational area a copy of the U.S. Centers for Disease Control and Prevention (CDC) Form 731, International Certificate of Vaccination or Prophylaxis as Approved by the World Health Organization, (also known as "shot record" or "Yellow Card") that shows vaccinations are current.

(iii) Deploying personnel have all necessary passports, visas, and other documents required to enter and exit a designated operational area and have a Geneva Conventions identification card, or other appropriate DoD identity credential, from the deployment center.

(iv) Special area, country, and theater clearance is obtained for all personnel deploying. Clearance requirements are in DoD Directive 4500.54E, DoD Foreign Clearance Program. For this purpose, CAAF are considered non-DoD contractor personnel traveling under DoD sponsorship.

(v) All deploying personnel have received personal security training. At a minimum, the training shall—

(A) Cover safety and security issues facing employees overseas;

(B) Identify safety and security contingency planning activities; and

(C) Identify ways to utilize safety and security personnel and other resources appropriately.

(vi) All personnel have received isolated personnel training, if specified in the contract, in accordance with DoD Instruction 1300.23, Isolated Personnel Training for DoD Civilian and Contractors.

(vii) Personnel have received law of war training as follows:

(A) Basic training is required for all CAAF. The basic training will be provided through—

(1) A military-run training center; or

(2) A web-based source, if specified in the contract or approved by the Contracting

Officer.

(B) Advanced training, commensurate with their duties and responsibilities, may be required for some Contractor personnel as specified in the contract.

----------------------------------	---	----------------------------------	--------------------	-------

(2) The Contractor shall notify all personnel who are not a host country national, or who are not ordinarily resident in the host country, that—

(i) Such employees, and dependents residing with such employees, who engage in conduct outside the United States that would constitute an offense punishable by imprisonment for more than one year if the conduct had been engaged in within the special maritime and territorial jurisdiction of the United States, may potentially be subject to the criminal jurisdiction of the United States in accordance with the Military Extraterritorial Jurisdiction Act of 2000 (18 U.S.C. 3621, *et seq.*);

(ii) Pursuant to the War Crimes Act (18 U.S.C. 2441), Federal criminal jurisdiction also extends to conduct that is determined to constitute a war crime when committed by a civilian national of the <st1:ST1:COUNTRY-REGION w:st="on">United States</st1:ST1:COUNTRY-REGION>;

(iii) Other laws may provide for prosecution of U.S. nationals who commit offenses on the premises of U.S. diplomatic, consular, military or other U.S. Government missions outside the United States (18 U.S.C. 7(9)); and

(iv) In time of declared war or a contingency operation, CAAF are subject to the jurisdiction of the Uniform Code of Military Justice under 10 U.S.C. 802(a)(10).

(v) Such employees are required to report offenses alleged to have been committed by or against Contractor personnel to appropriate investigative authorities.

(vi) Such employees will be provided victim and witness protection and assistance.

(f) *Processing and departure points.* CAAF shall—

(1) Process through the deployment center designated in the contract, or as otherwise directed by the Contracting Officer, prior to deploying. The deployment center will conduct deployment processing to ensure visibility and accountability of Contractor personnel and to ensure that all deployment requirements are met, including the requirements specified in paragraph (e)(1) of this clause;

(2) Use the point of departure and transportation mode directed by the Contracting Officer; and

(3) Process through a designated reception site (DRS) upon arrival at the deployed location. The DRS will validate personnel accountability, ensure that specific designated operational area entrance requirements are met, and brief Contractor personnel on theater-specific policies and procedures.

(g) *Personnel data.*

(1) The Contractor shall use the Synchronized Predeployment and Operational Tracker (SPOT) web-based system, to enter and maintain the data for all CAAF and, as designated by USD(AT&L) or the Combatant Commander, non-CAAF supporting U.S. Armed Forces deployed outside the United States as specified in paragraph (b)(1) of this clause.

(2) The Contractor shall enter the required information about their contractor personnel prior to deployment and shall continue to use the SPOT web-based system at <https://spot.dmdc.mil> to maintain accurate, up-to-date information throughout the deployment for all Contractor personnel. Changes to status of individual Contractor personnel relating to their in-theater arrival date and their duty location, to include closing out the deployment with their proper status (e.g., mission complete, killed, wounded) shall be annotated within the SPOT database in accordance with the timelines established in the SPOT Business Rules at http://www.acq.osd.mil/log/PS/ctr_mgt_accountability.html.

(h) *Contractor personnel.*

(1) The Contracting Officer may direct the Contractor, at its own expense, to remove and replace any Contractor personnel who jeopardize or interfere with mission accomplishment or who fail to comply with or violate applicable requirements of this contract. Such action may be taken at the Government's discretion without prejudice to its rights under any other provision of this contract, including the Termination for Default clause.

(2) The Contractor shall identify all personnel who occupy a position designated as mission essential and

ensure the continuity of essential Contractor services during designated operations, unless, after consultation with the Contracting Officer, Contracting Officer's representative, or local commander, the Contracting Officer directs withdrawal due to security conditions.

(3) The Contractor shall ensure that Contractor personnel follow the guidance at paragraph (e)(2)(v) of this clause and any specific Combatant Commander guidance on reporting offenses alleged to have been committed by or against Contractor personnel to appropriate investigative authorities.

(4) Contractor personnel shall return all U.S. Government-issued identification, to include the Common Access Card, to appropriate U.S. Government authorities at the end of their deployment (or, for non-CAAF, at the end of their employment under this contract).

(i) *Military clothing and protective equipment.*

(1) Contractor personnel are prohibited from wearing military clothing unless specifically authorized in writing by the Combatant Commander. If authorized to wear military clothing, Contractor personnel must—

(i) Wear distinctive patches, arm bands, nametags, or headgear, in order to be distinguishable from military personnel, consistent with force protection measures; and

(ii) Carry the written authorization with them at all times.

(2) Contractor personnel may wear military-unique organizational clothing and individual equipment (OCIE) required for safety and security, such as ballistic, nuclear, biological, or chemical protective equipment.

(3) The deployment center, or the Combatant Commander, shall issue OCIE and shall provide training, if necessary, to ensure the safety and security of Contractor personnel.

(4) The Contractor shall ensure that all issued OCIE is returned to the point of issue, unless otherwise directed by the Contracting Officer.

(j) *Weapons.*

(1) If the Contractor requests that its personnel performing in the designated operational area be authorized to carry weapons for individual self-defense, the request shall be made through the Contracting Officer to the Combatant Commander, in accordance with DoD Instruction 3020.41, Operational Contractor Support. The Combatant Commander will determine whether to authorize in-theater Contractor personnel to carry weapons and what weapons and ammunition will be allowed.

(2) If Contractor personnel are authorized to carry weapons in accordance with paragraph (j)(1) of this clause, the Contracting Officer will notify the Contractor what weapons and ammunition are authorized.

(3) The Contractor shall ensure that its personnel who are authorized to carry weapons—

(i) Are adequately trained to carry and use them—

(A) Safely;

(B) With full understanding of, and adherence to, the rules of the use of force issued by the Combatant Commander; and

(C) In compliance with applicable agency policies, agreements, rules, regulations, and other applicable law;

(ii) Are not barred from possession of a firearm by 18 U.S.C. 922;

(iii) Adhere to all guidance and orders issued by the Combatant Commander regarding possession, use, safety, and accountability of weapons and ammunition;

(iv) Comply with applicable Combatant Commander and local commander force-protection policies; and

CONTRACT NO. N00178-05-D-4563	DELIVERY ORDER NO. N00178-05-D-4563-M803	AMENDMENT/MODIFICATION NO. 84	PAGE 219 of 224	FINAL
----------------------------------	---	----------------------------------	--------------------	-------

(v) Understand that the inappropriate use of force could subject them to U.S. or host-nation prosecution and civil liability.

(4) Whether or not weapons are Government-furnished, all liability for the use of any weapon by Contractor personnel rests solely with the Contractor and the Contractor employee using such weapon.

(5) Upon redeployment or revocation by the Combatant Commander of the Contractor's authorization to issue firearms, the Contractor shall ensure that all Government-issued weapons and unexpended ammunition are returned as directed by the Contracting Officer.

(k) *Vehicle or equipment licenses.* Contractor personnel shall possess the required licenses to operate all vehicles or equipment necessary to perform the contract in the designated operational area.

(l) *Purchase of scarce goods and services.* If the Combatant Commander has established an organization for the designated operational area whose function is to determine that certain items are scarce goods or services, the Contractor shall coordinate with that organization local purchases of goods and services designated as scarce, in accordance with instructions provided by the Contracting Officer.

(m) *Evacuation.*

(1) If the Combatant Commander orders a mandatory evacuation of some or all personnel, the Government will provide assistance, to the extent available, to <st1:ST1:COUNTRY-REGION w:st="on">United States</st1:ST1:COUNTRY-REGION> and third country national Contractor personnel.

(2) In the event of a non-mandatory evacuation order, unless authorized in writing by the Contracting Officer, the Contractor shall maintain personnel on location sufficient to meet obligations under this contract.

(n) *Next of kin notification and personnel recovery.*

(1) The Contractor shall be responsible for notification of the employee-designated next of kin in the event an employee dies, requires evacuation due to an injury, or is isolated, missing, detained, captured, or abducted.

(2) In the case of isolated, missing, detained, captured, or abducted Contractor personnel, the Government will assist in personnel recovery actions in accordance with DoD Directive 3002.01E, Personnel Recovery in the Department of Defense.

(o) *Mortuary affairs.* Contractor personnel who die while in support of the U.S. Armed Forces shall be covered by the DoD mortuary affairs program as described in DoD Directive 1300.22, Mortuary Affairs Policy, and DoD Instruction 3020.41, Operational Contractor Support.

(p) *Changes.* In addition to the changes otherwise authorized by the Changes clause of this contract, the Contracting Officer may, at any time, by written order identified as a change order, make changes in the place of performance or Government-furnished facilities, equipment, material, services, or site. Any change order issued in accordance with this paragraph (p) shall be subject to the provisions of the Changes clause of this contract.

(q) *Subcontracts.* The Contractor shall incorporate the substance of this clause, including this paragraph (q), in all subcontracts when subcontractor personnel are supporting U.S. Armed Forces deployed outside the United States in—

(1) Contingency operations;

(2) Peace operations consistent with Joint Publication 3-07.3; or

(3) Other military operations or military exercises, when designated by the Combatant Commander or as directed by the Secretary of Defense.

252.225-7993 - PROHIBITION ON CONTRACTING WITH THE ENEMY IN THE UNITED STATES CENTRAL COMMAND THEATER OF OPERATIONS (DEVIATION 2012-O0005)(JAN 2012)

(a) The Contractor is required to exercise due diligence to ensure that none of the funds received under this contract are provided, directly or indirectly, to a person or entity who is actively supporting an insurgency or otherwise actively opposing U.S. or coalition forces in a contingency operation.

(b) The Head of the Contracting Activity (HCA) has the authority to—

(1) Terminate this contract for default, in whole or in part, if the HCA determines in writing that the Contractor failed to exercise due diligence as required by paragraph (a) of this clause; or

(2) Void this contract, in whole or in part, if the HCA determines in writing that any funds received under this Contract have been provided, directly or indirectly, to a person or entity who is actively supporting an insurgency or otherwise actively opposing U.S. or coalition forces in a contingency operation.

252.225-7994 - ADDITIONAL ACCESS TO CONTRACTOR AND SUBCONTRACTOR RECORDS IN THE UNITED STATES CENTRAL COMMAND THEATER OF OPERATIONS (DEVIATION 2012-O0005) (JAN 2012)

(a) In addition to any other existing examination-of-records authority, the Department of Defense is authorized to examine any records of the Contractor to the extent necessary to ensure that funds available under this Contract are not—

(1) Subject to extortion or corruption; or

(2) Provided, directly or indirectly, to persons or entities that are actively supporting an insurgency or otherwise actively opposing United States or coalition forces in a contingency operation.

(b) The substance of this clause, including this paragraph (b), is required to be included in subcontracts under this Contract that have an estimated value over \$100,000.

252.225-7997 ADDITIONAL REQUIREMENTS AND RESPONSIBILITIES RELATING TO ALLEGED CRIMES BY OR AGAINST CONTRACTOR PERSONNEL IN IRAQ AND AFGHANISTAN (DEVIATION 2010-O0014) (AUG 2010)

(a) The Contractor shall report to the appropriate investigative authorities, identified in paragraph c below, any alleged offenses under--

(1) The Uniform Code of Military Justice (chapter 47 of title 10, United States Code) (applicable to contractors serving with or accompanying an armed force in the field during a declared war or a contingency operation); or

(2) The Military Extraterritorial Jurisdiction Act (chapter 212 of title 1B, United States Code).

(b) The Contractor shall provide to all contractor personnel who will perform work on a contract in Iraq or Afghanistan, before beginning such work, information on the following:

(1) How and where to report an alleged crime described in paragraph (a) of this clause.

(2) Where to seek victim and witness protection and assistance available to contractor personnel in connection with an alleged offense described in paragraph (a) of this clause.

(c) The appropriate investigative authorities to which suspected crimes shall be reported include the following officials-

rights" are defined in the clause at 252.227-7014, Rights in Noncommercial Computer Software and Noncommercial Computer Software Documentation.

(3) For Small Business Innovation Research program contracts, the terms "covered Government support contractor," "limited rights," "restricted rights," and "SBIR data rights" are defined in the clause at 252.227-7018, Rights in Noncommercial Technical Data and Computer Software—Small Business Innovation Research (SBIR) Program.

(b) Technical data or computer software provided to the Contractor as Government-furnished information (GFI) under this contract may be subject to restrictions on use, modification, reproduction, release, performance, display, or further disclosure.

(1) GFI marked with limited rights, restricted rights, or SBIR data rights legends.

(i) The Contractor shall use, modify, reproduce, perform, or display technical data received from the Government with limited rights legends, computer software received with restricted rights legends, or SBIR technical data or computer software received with SBIR data rights legends (during the SBIR data protection period) only in the performance of this contract. The Contractor shall not, without the express written permission of the party whose name appears in the legend, release or disclose such data or software to any unauthorized person.

(ii) If the Contractor is a covered Government support contractor, the Contractor is also subject to the additional terms and conditions at paragraph (b)(5) of this clause.

(2) GFI marked with government purpose rights legends. The Contractor shall use technical data or computer software received from the Government with government purpose rights legends for government purposes only. The Contractor shall not, without the express written permission of the party whose name appears in the restrictive legend, use, modify, reproduce, release, perform, or display such data or software for any commercial purpose or disclose such data or software to a person other than its subcontractors, suppliers, or prospective subcontractors or suppliers, who require the data or software to submit offers for, or perform, contracts under this contract. Prior to disclosing the data or software, the Contractor shall require the persons to whom disclosure will be made to complete and sign the non-disclosure agreement at 227.7103-7.

(3) GFI marked with specially negotiated license rights legends.

(i) The Contractor shall use, modify, reproduce, release, perform, or display technical data or computer software received from the Government with specially negotiated license legends only as permitted in the license. Such data or software may not be released or disclosed to other persons unless permitted by the license and, prior to release or disclosure, the intended recipient has completed the non-disclosure agreement at 227.7103-7. The Contractor shall modify paragraph (1)(c) of the non-disclosure agreement to reflect the recipient's obligations regarding use, modification, reproduction, release, performance, display, and disclosure of the data or software.

(ii) If the Contractor is a covered Government support contractor, the Contractor may also be subject to some or all of the additional terms and conditions at paragraph (b)(5) of this clause, to the extent such terms and conditions are required by the specially negotiated license.

(4) GFI technical data marked with commercial restrictive legends.

(i) The Contractor shall use, modify, reproduce, perform, or display technical data that is or pertains to a commercial item and is received from the Government with a commercial restrictive legend (i.e., marked to indicate that such data are subject to use, modification, reproduction, release, performance, display, or disclosure restrictions) only in the performance of this contract. The Contractor shall not, without the express written permission of the party whose name appears in the legend, use the technical data to manufacture additional quantities of the commercial items, or release or disclose such data to any unauthorized person.

(ii) If the Contractor is a covered Government support contractor, the Contractor is also subject to the additional terms and conditions at paragraph (b)(5) of this clause.

(5) Covered Government support contractors. If the Contractor is a covered Government support contractor receiving technical data or computer software marked with restrictive legends pursuant to paragraphs (b)(1)(ii), (b)(3)(ii), or (b)(4)(ii), the Contractor further agrees and acknowledges that—

(i) The technical data or computer software will be accessed and used for the sole purpose of furnishing independent and impartial advice or technical assistance directly to the Government in support of the Government's management and oversight of the program or effort to which such technical data or computer software relates, as stated in this contract, and shall not be used to compete for any Government or non-Government contract;

(ii) The Contractor will take all reasonable steps to protect the technical data or computer software against any unauthorized release or disclosure;

(iii) The Contractor will ensure that the party whose name appears in the legend is notified of the access or use within thirty (30) days of the Contractor's access or use of such data or software;

(iv) The Contractor will enter into a non-disclosure agreement with the party whose name appears in the legend, if required to do so by that party, and that any such non-disclosure agreement will implement the restrictions on the Contractor's use of such data or software as set forth in this clause. The non-disclosure agreement shall not include any additional terms and conditions unless mutually agreed to by the parties to the non-disclosure agreement; and

(v) That a breach of these obligations or restrictions may subject the Contractor to—

(A) Criminal, civil, administrative, and contractual actions in law and equity for penalties, damages, and other appropriate remedies by the United States; and

(B) Civil actions for damages and other appropriate remedies by the party whose name appears in the legend.

(c) Indemnification and creation of third party beneficiary rights. The Contractor agrees—

(1) To indemnify and hold harmless the Government, its agents, and employees from every claim or liability, including attorneys fees, court costs, and expenses, arising out of, or in any way related to, the misuse or unauthorized modification, reproduction, release, performance, display, or disclosure of technical data or computer software received from the Government with restrictive legends by the Contractor or any person to whom the Contractor has released or disclosed such data or software; and

(2) That the party whose name appears on the restrictive legend, in addition to any other rights it may have, is a third party beneficiary who has the right of direct action against the Contractor, or any person to whom the Contractor has released or disclosed such data or software, for the unauthorized duplication, release, or disclosure of technical data or computer software subject to restrictive legends.

(d) The Contractor shall ensure that its employees are subject to use and non-disclosure obligations consistent with this clause prior to the employees being provided access to or use of any GFI covered by this clause.

52.232-40 PROVIDING ACCELERATED PAYMENTS TO SMALL BUSINESS SUBCONTRACTORS (DEC 2013)

(a) Upon receipt of accelerated payments from the Government, the Contractor shall make accelerated payments to its small business subcontractors under this contract, to the maximum extent practicable and prior to when such payment is otherwise required under the applicable contract or subcontract, after receipt of a proper invoice and all other required documentation from the small business subcontractor.

(b) The acceleration of payments under this clause does not provide any new rights under the Prompt Payment Act.

(c) Include the substance of this clause, including this paragraph (c), in subcontracts with small business concerns, including subcontracts with small business concerns for the acquisition of commercial items.
